VICTORIA, BRITISH COLUMBIA, FRIDAY, NOVEMBER 14, 1930

TWENTY-FOUR PAGES

PREMIER OF JAPAN SHOT AT STATION

Assassination of Yuko Hamaguchi Is Attempted by Youth in Tokio

PRIME MINISTER IS IN GRAVE CONDITION

Assailant Captured and Identified—Motive of Attack Not Clear

TOKIO, Nov. 14.—Yuko Hamaguchi, warrior of peace and Premier of Japan, whose voice millions heard eighteen days ago, when he joined Prime Minister Ramsay MacDonald, of Great Britain, and President Hoover, of the United States, in an international broadcast, lies in Imperial University Hospital today, the victim of an assassin's bullet.

His condition was serious, but physicians considered his chances of recovery good. One bullet penetrated his right abdomen an inch below the navel, ranging toward the hip.

The Premier, whose contribution to the success of the London Naval Conference was not spectacular, but nevertheless of vital importance, was struck down at 8:55 a.m. on the platform of Tokyo Central Station, where he was about to embark for Okayama.

FIRE SINGLE SHOT
As he approached his train, a youth wearing Western clothing, and hitherto unnoticed, emerged from the crowd lining the platform. He fired a single pistol shot from a distance of six feet. The Premier fell without a cry, clapping his hands to his wound.

Police, of whom there were scores on the platform, seized the assailant before he had a chance to turn and flee. The assassin was identified as Tomoe Sagaya, twenty-three, a member of the Alkokuha, which translated means "Love of Country Association," a reactionary patriotic organization.

Members of his entourage and police carried the Premier to the stationmaster's office, and summoned physicians, also the Premier's wife, who arrived shortly after the shooting.

BLOOD TRANSFUSIONS
Following a cursory examination, physicians announced the Premier's condition was not serious. Later, however, they resorted to blood transfusions, the Premier's second son, Iwane, supplying the blood used. It appeared then the Premier's condition was more dangerous than first indicated.

At the hospital, surgeons operated upon the Premier. Owing to the patient's weakness the surgeons postponed removal of the bullet.

Blood transfusions were again used at the hospital, the Premier's secretary, Yadanji Nakajima, supplying the blood this time.

The motive for the attack on Premier Hamaguchi, who is sixty years old, is not clear to the authorities.

EIGHT BROKERS SENTENCED TO PRISON TERMS
Stobie and Forlong Sent to Penitentiary—Conspiracy to Defraud

TORONTO, Nov. 13.—Convicted in each case of conspiracy to defraud the public and affect the market price of stocks, eight Toronto brokers today entered the prisoners' box in groups of two and received sentences totaling twenty-two years imprisonment in the penitentiary.

The men were the heads of four mining brokerage firms. Their names, firm and sentences were: Homer L. Gibson & Company, Ltd.—William J. Smart, three years and one year, concurrent; Maurice E. Young, two and a half years and one year, concurrent.

A. E. Mooney & Company, Ltd.—James J. Heppelton, three years, W. T. H. Smith, two and a half years, D. S. Paterson & Company, Ltd.—D. S. Paterson, three years and two years, concurrent; Austin Campbell, two and a half years and two years, concurrent.

Attempt Made at Life of Premier

PREMIER YUKO HAMAGUCHI of Japan, was shot by a would-be assassin at the Tokyo railroad station, Thursday. The bullet penetrated his abdomen and physicians state his condition is serious.

VICEROY PLANS FEDERATION OF INDIA STATES

Urges London Conference to Recognize Force of National Sentiment

OUTLINE IS DEFINITE ADVANCE ON PROPOSALS

LONDON, Nov. 14.—The eagerly awaited dispatch from the Government of India on the best form of Government for the country was issued tonight, and it outlines the ideal of a unified Federal India.

"The Viceroy's dispatch," as the report has already come to be named, constitutes a considerable part of the raw material on which the round-table conference delegates will base their initial discussions of Indian status and political reform. The report makes a definite advance on the Simon Commission recommendations, in that it outlines plans for a strong central government.

NATIONAL CONSCIOUSNESS
At the outset, the dispatch admits a large degree of national consciousness among the educated classes of India, and says it would be developed in a manner not only consistent with the wider nationalist forces, says the Government's statement.

The Indian Government agrees with the Simon Commission that the aim of the reformers must be to establish a constitution containing due provisions for its own development and expansion.

Meanwhile, the main problem is declared by the Government to be the means by which British India may be developed in a manner not only consistent with the wider nationalist forces, says the Government's statement.

The conditions suggest to us the importance of defining, as clearly as possible, the purposes which British India must continue to safeguard in India and the importance of making plain to the wider nationalist forces, says the Government's statement.

NEXT PARLEY MAY BE HELD IN DOMINION

Empire Conference Probably Will Take Place in June at Ottawa

QUOTA SCHEMES LEFT FOR FURTHER STUDY

Section of British Press Terms Meeting Just Concluding a "Failure"

LONDON, Nov. 13.—The Imperial Conference, which for six weeks has been trying to perfect plans for the development of Imperial trade and commerce, tonight prepared to conclude its deliberations tomorrow without having reached any important economic agreements.

The Prime Ministers of the various Dominions continued in session late in the night in an effort to wind up the conference affairs.

The word "failure" was being hurled at Premier MacDonald and the Dominion Premiers by that section of the British press which has been urging abandonment of Great Britain's traditional free trade policy for introduction of reciprocal preferential tariffs among the Dominions, such as proposed by Premier Bennett of Canada.

SCHEMES OF QUOTAS
The Canadian preferential tariff scheme was turned down, and schemes of quotas, import boards and bulk purchase of Empire products were left for further study.

It was stated in the highest circles today that Premier MacDonald, in his closing speech tomorrow, will propose the holding of separate Empire economic and constitutional conferences. The first of these, it is said, would probably be held in Ottawa next June.

ECONOMIC QUESTIONS
Economic questions upon which the Premiers were unable to reach the necessary unanimous decisions, are expected to form the basis for the next Imperial parley.

Although important constructive decisions in the field of inter-Imperial relations and foreign affairs have been reached by the present conference, Premier MacDonald and his colleagues said the heavy programme tackled by them six weeks ago was too much for them.

Prolonged negotiations were made impossible by convening in the Indian Round Table Conference.

HUNDREDS LOSE LIVES IN STORM
Cyclone Wipes Out Town of Kyauk-Pyu on West Coast of Burma

THOUSANDS HOMELESS

LONDON, Nov. 13.—An Exchange Telegraph dispatch from Rangoon today reported that hundreds of lives were lost in a cyclone which wiped out the town of Kyauk-Pyu on the west coast of Lower Burma.

All buildings were reported destroyed, trees uprooted and vessels in the harbor carried out to sea.

The new agency reported that communications had been cut.

Kyauk-Pyu is visited by vessels of the British Indian Navigation Company and reports said one of these had sunk.

It is feared that many villages in the neighborhood were utterly destroyed.

The homeless were reported to number thousands and relief work was in progress.

Bandits in China Slay Thousands
LONDON, Nov. 14.—An Exchange Telegraph dispatch from Hongkong today said that bandits had raided Hainan, in Eastern Kiangsi Province, China, killing 2,000 persons, kidnapping 5,000 and burning 2,000 houses. Damage was estimated at \$4,000,000.

VESEL FOUNDERS
PUERTO MONTE, Chile, Nov. 13.—The Chilean bark Laura foundered today near Chonchi, south of here. The captain and sixteen sailors drowned.

Death Automobile on Sooke Highway

PHOTOGRAPH shows Provincial Police gathering data following the accident on Sooke Highway early yesterday morning, when two persons were killed and another seriously injured as the result of a collision between the automobile shown above and the pole on the extreme left. A transformer on the pole was released by the impact. It crashed through the rumble seat to the ground, killing William Lidstone and Mrs. Elizabeth Leylander. Miss Jean Bruce was critically injured. Five persons were in the car.

Fifty Men Toil for Hours to Find Dead in Debris of Slide

Six Killed and Ten Badly Injured When Avalanche Sweeps Down on Anyox Bunkhouse on Bonanza Creek—Day Shift Was Working in Mine and Escaped

Quarters Were Completely Demolished

ANYOX, Nov. 13.—Digging feverishly in the debris that buried five of their companions and seriously injured eleven others—one fatally—fifty men worked for twenty-seven hours to recover the bodies of those who perished, when the towering hillside above the bunkhouse at the Bonanza mine sent down a mass of rock and dirt on Tuesday afternoon to crush and splinter the frail bunkhouse near the mine portal. Working in relays amid the muck and boulders that filled the narrow canyon floors with the shadow of the high, precipitous hills darkening the valley of death, the survivors of Bonanza Camp and volunteers from Anyox toiled through the waning daylight of Tuesday; through the chill of the misty night and on until the afternoon of the next day before the last of the dead was recovered.

THE CASUALTY LIST
The dead are: James Grant, who came from County Down, Ireland.

Clarence P. Johnson, who leaves two daughters in Prince Rupert.

Alfred Palm, watchman, survived by a wife in Finland.

Charles Mitchell, a miner.

L. O'Connor, hostess whose wife and three small children live at Alice Arm.

Paul Anderson, tram operator, who lived a short time after being rescued only to die in the Anyox hospital.

The injured are: J. Haskins, Nels Jensen, Andrew Smitzer, Y. Maki, Gus J. Ninkovich, Dusan Darceyich, J. Derewoz, Mike Lekich and Frank Pellissari.

IN NARROW GORGE
The bunkhouse was located about one hundred yards from the portal of the Bonanza Mine, half a mile from the beach on Bonanza Creek, and several miles distant from Anyox, to which place the ore shipment was carried by aerial tram from smelting. Bonanza Creek is a narrow gorge between steep, towering hills.

Heavy rains had fallen for several days in the vicinity, loosening the earth on the higher slopes above the little camp. What caused the slip will be a matter of investigation by a coroner's jury and by officials of the Department of Mines. T. J. Shenton, mines inspector, is on his way to the scene from Prince Rupert.

The day shift were at work in the mine when the accident took place about 2 p.m. Tuesday. Without warning a mass of rock and dirt slipped down, hitting the south side of the bunkhouse with a roar. The building collapsed instantly, splintering to bits.

PROMPT RESCUE WORK
Workers from the mine, camp cookhouse and blacksmith shop immediately set to work to dig, not knowing when another slide would occur. Word was sent to Anyox and doctors and first aid men were hurried to Bonanza.

Throughout the night by the aid of lanterns and torches the digging and searching was continued, but it was not until late Wednesday afternoon that the last body, that of Lee O'Connor, was recovered. Anderson, who was badly broken, was removed alive soon after the accident, but died in the hospital later.

Havana Under Martial Law; Student Shot
VIENNA, Nov. 13.—Monseignor Dr. Ignaz Seipel, Foreign Minister and former Chancellor of the Austrian Government, is confined to his bed with a serious attack of pleurisy.

His illness at this time is regarded as particularly unfortunate since prospects for formation of a new cabinet appear to depend largely upon his tactful mediation.

Sir Robert Borden To Open Royal Fair
TORONTO, Nov. 13.—Sir Robert Borden will open the Royal Winter Fair in Toronto on November 19. Sir Robert and Hon. Robert Weir, Dominion Minister of Agriculture, will be the principal speakers at the banquet preceding the ceremonial opening of the fair.

TWO KILLED WHEN CAR SMASHES INTO POLE ON HIGHWAY

Mrs. Elizabeth Leylander and William Lidstone Die in Early Morning Accident—Miss Jean Bruce Critically Injured—Two Others Escape Serious Injury in Terrific Crash

Driver Held by Police Pending Inquiry on Sooke Road Deaths

TWO Victorians were killed and another critically injured when a roadster, driven by Frank Lidstone, of Shirley, V.I., got out of control near the intersection of the Sooke Road and the Metchoan Road at 7:10 a.m. Thursday and crashed into an electric light pole. Inquest will be held at the B.C. Funeral Parlors at 11 o'clock this morning. The driver is held by the Provincial Police as a material witness.

The dead are: Mrs. Elizabeth Leylander, forty-four, of 847 Old Esquimalt Road, a sister of Joe Bayley, former lightweight boxing champion of Canada, and William Lidstone, forty, of 1593 Bay Street, brother of Frank Lidstone. Miss Jean Bruce, of 239 Kerr Avenue, lies at St. Joseph's Hospital in a critical condition, with six ribs broken and the possibility of internal injuries. Miss Bruce is attending by her father and mother, who were notified by the police immediately.

CRASH WAS REPORTED
First word of the fatality reached the authorities from residents near the scene, who reported seeing a roadster crash on the road at a point 100 yards east of the junction of the two roads. Staff Sergeant Robert Owens, with Constables Hughes and Carmichael and the C. & C. ambulance, raced for the scene.

The police found William Lidstone dead, his head and one shoulder crushed by the fall of the transformer, which jarred loose from the pole and dropped through the rumble seat, where William Lidstone had been seated with Mrs. Leylander, who was found unconscious and apparently dying. Miss Bruce, who rode with Mr. and Mrs. Frank Lidstone in the front seat, was seen to be seriously hurt, while her companions were suffering from superficial cuts and bruises.

DIES IN AMBULANCE
The body of William Lidstone was removed to the B.C. Funeral Parlors. Mrs. Leylander and Miss Bruce were placed in the ambulance, which was met on the return journey by Dr. Hermann Robertson, who had been summoned to the scene. Dr. Robertson pronounced Mrs. Leylander already dead and dispatched the ambulance with Miss Bruce to hospital where, up to a late hour last night, she lay in a critical condition. After minor attention, Mrs. Ada Lidstone was able to proceed to her home, her husband, Frank Lidstone, being held by the police as a material witness.

THREE BODIES RECOVERED IN LYONS' RUINS
Big Landslide in France May Have Taken One Hundred Lives

POLICE AND FIREMEN BURIED UNDER WALLS

LYONS, Nov. 13.—This was a bitter night in Lyons as workmen thrust crowsaws under the debris of twelve ruined houses, half fearful of what they would find beneath the toll of a landslide today which took perhaps as many as 100 lives.

As night fell they had recovered but three bodies in the ruins along the slope of the Fourviere Hill, where the ground slid out from under a dozen houses this morning, tumbling them in upon themselves and burying men, women and children.

Police and firemen hurried to the vicinity as the first thunderclap of the catastrophe started the city. Twenty-five of them moved up afraid into the ruins to bring out the injured, and were buried under walls which toppled in upon them without warning.

About the scene of horror tonight families of those who were lost sobbed as the work went slowly along. Volunteers were scarce after that group of police and firemen had perished, and the task of caring for the living appeared of even greater importance than that of searching for the bodies of the dead.

Engineers called hastily shored up buildings which remained standing in the vicinity. Hospitals near the ruins were evacuated as a precautionary measure. The cathedral was opened to the survivors and hundreds of homeless crowded in, for it was the only place they had to spend the night.

Cardinal Maurin himself, who had narrowly escaped death or injury many times during the day as he moved about the ruins giving consolation where it was needed, supervised the temporary barracks into which he had turned his church.

As the night advanced and darkness made work impossible, the task of excavating the debris was halted, to be resumed at daybreak.

Mayor Herriot, who once was Premier of France, came with the earliest contingent of police and remained through most of the day. A landslide like this had been feared, he was told, because of heavy rains during the past several days, and some of the buildings along the hill had been emptied of tenants.

The Mayor instituted an investigation.

VERNON, Nov. 13.—The first car of dehydrated apples to move from the Okanagan Valley to Hamburg, Germany, has been shipped from the plant of Hukam, Ltd., a limited shipment of the fancy brand left at the first of the week for Saint John, New Brunswick.

Soldiers With Bayonets Patrol Malpas Streets
LIMA, Peru, Nov. 13.—Soldiers with fixed bayonets tonight patrolled the muddy streets of Malpas, the Andean mining town, where several were killed and several others wounded in labor riots yesterday.

Troops were gathered in the barracks at Lima as a precaution against possible disorders arising from a general strike called by the Workers' Council after the Malpas clashes, and a group of Communist agitators, charged with responsibility for the disorders, were in the hands of the police.

Three hundred foreign refugees, jammed into a jerky three-car train, piled into this city from Malpas and intermediate points today. They brought some of the wounded.

The engineer of the train, a man named HAGGARD, told the first detailed story of the Malpas battle as he guided his first food in many hours.

The trouble really started, he said, at La Oroya, a mining town not far from Malpas. Radical organizers had aroused the men there to strike, and when news of this action reached Malpas workers in that town threw down their tools.

FRENCH GOV'T WINS CRUCIAL CHAMBER VOTE

Tardieu's Ministry Obtains Approval of Deputies on Its Foreign Policy

M. ARISTIDE BRIAND DEFENDS PROGRAMME

PARIS, Nov. 14.—Andre Tardieu's Government won this morning the first crucial test of the recently convened Parliament, winning the approval of the Chamber of Deputies on its foreign policy by a vote of 222 against 270.

A long period of debate led up to the balloting, for a spirited session, which opened yesterday afternoon, was adjourned in the third hour, resumed about 10 o'clock last night.

POLICY IS DEFENDED
Aristide Briand, the grey-haired Foreign Minister, defended the country's foreign policy in the afternoon, showing flashes of his famous oratory, while Premier Tardieu pleaded for his Government in a final eloquent appeal.

"If you must overthrow me let it be a budgetary or financial question, but not on the question of foreign policy, for you would overthrow the welfare of France."

The Right, the Centre and many Radicals applauded.

PARADOX IS NOTED
When the ballots finally were counted at 4 a.m. showing the Government was sustained with a majority of fifty-three, a paradox was noted, for the side of the Chamber which was loudest in praise of Briand voted against his policy, while the other side, containing his worst critics, was almost solidly for him.

Most of the opposition was led by the Communist deputy, Jacques Doriot, who asserted the Government's policies were leading Europe "straight into another war," and by Louis Marin, who demanded firmness in dealing with other countries.

While the Government emerged successfully on its foreign policies, the victory was not taken as forecasting success for the Cabinet in other contests through which it must go.

WARRANTS FOR RELIEF MONEY GIVEN ASSENT

Province's Share of Total Financing for Unemployment Now \$900,000

FURTHER MUNICIPAL AGREEMENTS SIGNED

Special warrants for \$400,000 and \$450,000, respectively, were passed by the Provincial Government, yesterday, with the assent of the Lieutenant-Governor, to finance British Columbia's proportion of the Federal unemployment plan up to \$900,000, and to provide for advances on account of the Federal Government share of relief works, which will later be returned to the province.

The \$400,000 voted yesterday, together with \$500,000 already secured by special warrant, brings the total financing by the province of its own share of the Federal plan up to \$900,000, which is dollar for dollar with the amount set aside by the Federal Government for unemployment relief works in British Columbia.

The second warrant for \$450,000 is explained as a temporary measure, to cover the hiatus between the start of work in municipalities and the actual payment of Federal funds, where payment from the Dominion exchequer will likely be delayed until after the receipt of vouchers for the completed works.

By this method the province will, where necessary, advance the Federal proportion of the cost of the work as well as its own, and recover later from the Federal Government for all such sums advanced. In this way works authorized in the various municipalities in relief of actual distress may be started without the delay that would otherwise follow.

NEGOTIATE WITH OTTAWA

At the same time as it passed the additional warrants, the Government got into communication with Ottawa over the question of financing of direct relief out of the \$4,000,000 set aside by the Dominion for all Canada.

Unemployment conditions at Vancouver and in other parts of the province were drawn to the attention of the Federal authorities, with latest reports on the exact situation on the coast.

The special unemployment committee of the Cabinet, consisting of Hon. W. A. McKenzie, chairman; Hon. R. Bruhn and Hon. S. L. McPherson, was in session for most of the day and is understood to have recommended immediate action by the Government to seek recognition at Ottawa for the special position of this province at the western end of the tide of transient unemployment.

A facious suggestion by the Government to seek recognition at Ottawa for the special position of this province at the western end of the tide of transient unemployment. A facious suggestion by the Government to seek recognition at Ottawa for the special position of this province at the western end of the tide of transient unemployment.

Under this head already Vancouver has received \$100,000 by way of reimbursement of part of its unemployment relief expenses before the operation of the Federal plan; \$200,000 in its agreement with the Government for unemployment relief work; as well as a current account of \$100,000 provided further work from the Federal-provincial funds, and \$25,000 from provincial funds for relief needs at the present time. These figures would total \$525,000, or more than half of the Province has set aside for work in all areas, exclusive of relief works.

While the boat ride for transient unemployed was not seriously considered, officials of the Government did not attempt to minimize the serious situation faced by the Maritime provinces, and are making every effort to lay the facts before Ottawa, to see if further aid can be secured for the Maritime provinces in the light of special circumstances.

WORKS APPROVED

Eight further municipal agreements were signed by the Government yesterday, as follows: Cumberland, \$807; North Vancouver District, \$11,000; Salmon Arm, \$7,500; Vernon, \$4,000; Chilliwack, \$1,400; Kelowna, \$11,000; Kaslo, \$5,000; and Prince Rupert, \$16,250. The figures are for the face of the agreements in each case, and therefore half the cost of the works approved in the municipalities.

Fifty municipalities have now signed agreements with the Government, after final approval of their plans for works in relief of existing unemployment. The total estimated cost of these plans is \$1,437,396, of which half is to be borne by the municipalities concerned, and a quarter each by the Federal and provincial authorities.

The ratio of unemployment in the province, as reported by these centres on October 1, was 3.63 per cent of their population, varying from 1.5 per cent in the urban centres to lower in the rural communities. Independent of the municipalities, the Government has instituted a programme of works in unorganized districts, to cope with the needs of each, in so far as that is found possible.

ANYOX HUNTER KILLED BY FALL OVER CLIFF

ANYOX, Nov. 13.—Robert Lukkanen, of Anyox, left Monday morning with two other men to hunt seals in Hastings Arm. After getting up about 4,000 feet they were caught in a wind storm. A tree hit Lukkanen and knocked him over a cliff, killing him.

After considerable effort on the part of his companion to get him up, they covered him with their coats, returned to the beach only to find their boat had been smashed by the storm.

Clarence Dresser went out, found the two men and returned to Anyox, and a party of eight men was formed by John Anderson, who found Lukkanen's body later.

Fables and Foibles

Being Verse and Worse
By H. T. M.
THE APPARITION

"Twas sad—that eve in sunny, sweet September;
An eve that we would sooner remember—
We saw him from the window; plump and forty—
He, who 'til now, had trod life's paths a trifle haughty;
He, who had ever been austere;
Respected citizen, sincere;
Loved by his family; lauded by all—
What had defiled him? Oh, what a fall!

"Father! Dear Father!" vainly, we cried,
"Burn it! Remove it! Quick! Get inside!
Give not a neighbor the chance to relate
To his friends or his foes of your pitiful state!
Think of posterity—Think of disgrace!
Think of the shape and the size of your face!
Mother! Implore him! and tell him how very
Absurd he appears—in that terrible Baret!"

DUKE OF MANCHESTER
Known as England's weather duke, waves to friends as he reaches New York on a holiday visit to the New World.

TWO KILLED WHEN CAR SMASHES INTO POLE ON HIGHWAY

Continued from Page 1
At the scene of the accident the police found the tracks of a car that turned slightly off the tarred portion of the road at the junction of the two roads and which appeared to have grazed a telephone post and a fence before "sideways" into a second post, that which supported the transformer. The transformer lay near the pole, and a badly wrecked car at some distance.

DROPPED THROUGH CAR

The car was badly wrecked. The heavy transformer had apparently crashed through the rumble seat, stripping the whole upper part of the carriage for two-thirds of the chassis and demolishing front and rear seats and one whole side of the vehicle. A mass of twisted metal, the car was taken to the Menzies Street headquarters of the Provincial Police after daylight had permitted an examination of the scene in detail.

According to the police, tracks in the road showed those of a car that swung wide on the turn, leaving the tarred portion with its outside wheels and plunging into a shallow bank at the curve. A post near this spot was found splintered as if from a grating blow, and twenty feet farther on a fence post was marked. After striking the electric light pole, the car swung back to the road, while splintered fragments were found at thirty yards' distance.

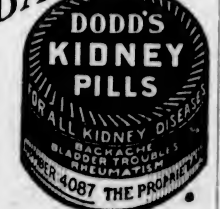

William Lidstone, who had been seated in the rumble seat with Mrs. Leyland, is believed to have been struck on the head and shoulder by the transformer, his body being badly crushed. The body of Mrs. Leyland bore comparatively few marks, save for slight bruises to the head and a simple fracture of one leg.

SAYS TRANSATLANTIC AIR MAIL SERVICE IS PLANNED FOR 1931

NEW YORK, Nov. 13.—The New York World says Pan-American Airways, Inc., operators of an air line system between the United States and South America, and Imperial Airways, Ltd., of England, are negotiating an agreement to operate jointly a transatlantic air mail line via Bermuda and the Azores.

Major G. Woods Humphrey, managing-director of the British company, is expected to arrive in New York Sunday to complete negotiations.

The line, expected to start operation in 1931, is aimed toward eventual transportation of passengers, the newspaper says.

Big Crisis Is Pending In Britain

LONDON, Nov. 13.—Already staggering under a burden of unemployment and industrial depression, Britain was faced tonight with prospect of a grave crisis in two of her leading industries—railways and coal mining.

The railway situation, in which a deadlock over wage reductions appears probable, seems likely to come to a head first; but developments in the mining situation, which is much more complicated, may surpass it in gravity.

Discussions of railway problems began today when employers put forward proposals for a general wage reduction of about \$1.50, with a minimum wage of \$0.50 a week instead of the present \$10. Junior staff wages would be cut 75 cents a week and salaries from \$900 to \$1,750 a year by about \$100.

The proposals now are to be considered by the unions.

DELEGATES CAUGHT IN TANGLE OF PROCEDURE

Disarmament Body Fails to Reach Agreement on How to Limit Land War Material

GENEVA, Nov. 13.—Caught in a tangle of parliamentary procedure, the League of Nations Disarmament Commission adjourned today's session without reaching an agreement on how to limit land war material.

The confusion came from a proposal of proposals by various delegations, and at one time became so marked that Lord Cecil, the British delegate, threw his hands in the air and exclaimed to Chairman Lordon: "Let us have something clear and definite to vote on."

RESOLUTIONS SUBMITTED

Resolutions seeking disposition of the problem were submitted by British, French and Italian delegations.

The British proposal, offered by Lord Cecil, seeks to get on record the opinions of the various delegations. The Italian resolution declares: "The best method for limitation of land war material would consist of a combination of the two systems of direct limitation and budgetary limitation." The French resolution reiterates its stand for budgetary limitation, and asks that this method be studied by a committee of budgetary experts who should transmit their reports to the various Governments some considerable time before the convening of the general disarmament conference.

MIMES AND MASQUERS DEVELOP PROGRAMME

At a meeting of the Mimes and Masquers' Guild, held yesterday evening, plans were discussed for the development of the programme for the 1930-31 season, which has already been commenced with the recent performance of three one-act plays. The next public production will be "The Pigeon," John Galworthy's whimsical comedy, early in February. The director will be appointed shortly, and tryouts are to be arranged as soon as possible.

On December 17 the guild will hold a private performance, in co-operation with the Musical Arts Club, for the members of the two organizations. On this evening Christopher Morley's comedy, "Bedroom Suite," will be presented, together with Kaufman's rollicking little "curtain-raiser," "If Men Played Cards as Women Do."

ROUND TABLE PARLEY WILL RESUME MONDAY

LONDON, Nov. 13.—Delegates to the Indian Round Table Conference stepped aside today for the remainder of this week and permitted the Imperial Conference to write the closing chapters of its history.

The interim between now and the next meeting, Monday, the Indian delegates will use in an effort to get agreement on policy and basis for negotiations, so that they may act with a united front with the British representatives. The principal point of difference is the old Moslem-Hindu antagonism, but the unanimous choice of the Aga Khan, Moslem leader, as chairman of the entire British India delegation is believed to indicate proof of a conciliatory spirit among the Hindu majority.

RESOLUTION DEFEATED

LONDON, Nov. 13.—The House of Commons voted 209 to 96 against a resolution presented by the Conservative, Henry Mond, declaring the institution of a general tariff system to protect home markets was the only method to avoid general reduction of British wages in the near future.

Scheme Not Endorsed

A special meeting of the Victoria Music Teachers' Association was held on Tuesday to meet the representatives of the Universal Music Service of New York and Minneapolis, U.S.A., who placed before the members of the Association an advertising scheme offering eight free lessons to students. After a lengthy discussion a resolution was unanimously passed not to endorse the scheme. Dr. J. E. Watson, president of the Association, was in the chair. Any information on the matter will be gladly supplied by the secretary of the Association, Mr. Oliver R. Stout, Phone G-7821.

INFLAMMATORY SPEECHES MADE

Saskatchewan Farmers Discuss Resistance to Foreclosures and Evictions

LEGISLATION PROMISED

REGINA, Nov. 13.—Revision of the Debt Adjustment Act, reduction of the interest rate on arrears of taxes and on taxes owing under tax sales certificates was forecast by Hon. Howard McConnell, Minister of Municipal Affairs, as a measure of relief to farmers of the rural communities, in commenting on strong criticism leveled at the Government by farmers' meetings in Central and Northeastern Saskatchewan.

Particularly inflammatory criticism issued from a meeting of 500 farmers at Canora, Sask., presided over by Dr. Cymbalsky and W. B. Iluk. The meeting was attended by Milton N. Campbell, M.P., and Anton Morken, M.P.P., who spoke but did not stay for the resolution of a resolution pledging resistance to foreclosures and evictions from land for tax sales.

"It is difficult to understand what has been said, as it is a matter of record that there are less foreclosures and less writs issued according to court records than for many years in Saskatchewan," declared Hon. M. A. Macpherson, Attorney-General, in commenting on the matter.

REDS BLAMED
Hon. James F. Bryant, K.C., Minister of Public Works, said: "The criticisms do not represent the viewpoint of the farmers of Saskatchewan. Our farmers are able and willing to want to pay their debts and the taxes for the services which they have asked for and received—all they

ask is time. They are hard hit financially, but they are loyal, honest and clear thinking. A few 'Reds' cannot give Saskatchewan a black eye in the face of the financial world. It is organized propaganda, perhaps part of the 'Soviet campaign'."

Victoria One of Best Sale Cities On Pacific Coast

If you want to know the condition of the business of the Pacific coast, ask the commercial traveler. Some are natural-born pessimists. Most of them are optimists, but pick out a dozen of the scores who travel up and down the Pacific Coast in search of business and asked them "How's business?" In nine cases out of ten you'll get the reply "There isn't any."

That is true. Business is not what it used to be. The business of getting business has undergone a vast change in the last eighteen months. The depression of values and over production in many stable lines of industry has put business down to hardpan. That's why the commercial man says "There isn't any."

During the past week, inquiries have been made of commercial travelers stopping off in Victoria. A columnist reporter has asked many "How's business?"

If the salesman is to be taken as a barometer of business conditions on the Pacific Coast, then Victoria can give itself a pat on the back. Commercial men interviewed admit that Victoria has nothing to complain of in the way of commercial activity. It is the general opinion of those who make periodical calls on the trade up and down the Pacific Coast that the merchant in Victoria has not suffered to the great extent due to the depression that has struck heavily at industrial enterprise in Canada and the United States and other parts of the world.

The following statement by a commercial man carrying a line of dress goods and fancy merchandise, considered "in the luxury class, is typical of the majority."

"If my orders for my whole circuit averaged up to those I get in the City of Victoria, neither my employers nor myself would have any cause for complaint. I have been in this city three days and I can safely say that the merchants in Victoria have a long way to go downward—before they touch the position of scores of merchants in other cities on the Pacific Coast."

After the money had been handed over, the three were headed into a bank vault and the door bolted. They were later released by Dr. H. C. Whittemarsh, local coroner, who entered the bank a few minutes after the hold-up.

Both bandits were armed but unarmed. They obtained the money when they pushed a blank cheque into the teller's cage on which was written: "You are covered, put up hands or die." The cheque, from the Perdue branch of the Royal Bank, was made out for \$6,000, evidently the amount the robbers sought, but was unsigned. The money demand also appeared on the face of the cheque.

Wants Higher Court
Roy Friendly, who had pleaded guilty in the city police court to a charge of obtaining money under false pretences, when faced with two other charges of a similar character yesterday, asked leave to alter his election of summary trial to the higher courts. His case will come up again this morning.

SCOFFS AT TALK OF ANOTHER GREAT WAR

German General Says Horrors of Siege Should End All Predictions

By OTTO BROCK
(Copyright, 1930, by The Chicago Daily News Foreign Service.)

BERLIN, Nov. 13.—"A World War Threatens." This is the title of a booklet by Gen. Erich von Ludendorff, quartermaster of the German army during the World War, in which he strongly attacks the idea, championed by the Nazis of Hitler and the Steel Helmet organization, of a new war against France and her allies.

Ruthlessly, Gen. von Ludendorff, one of the world's greatest war experts, confutes the illusion of the Hitlerite war amateurs, and his arguments are all the more convincing as they are not voiced by a "weak pacifist" but by a stubborn militarist whose whole life has been filled with war, war plans and war illusions.

NAMES ALLIES
Gen. von Ludendorff supposes that Germany will be allied with Austria, Hungary, Soviet Russia and even Great Britain in her fight against her hereditary enemy and allies. Despite this optimistic calculation, the general prophesies complete destruction of the German Reich should such a war arise.

The first mobilization day, he says, would be initiated with air attacks on all large cities of Central Europe. On the second day Italian soldiers would arrive in Bavaria, and an Italian general would take over command of the combined German-Italian troops, and the Bavarian population would be put at the disposal of the military authorities.

East, West and South Germany would be invaded by the enemy, and the effects of gas attacks from both sides would raise among the population more furiously than black death. Young Germans would be deported to Italy or England to undergo military training, and the Germans would everywhere be used as cannon fodder by their generous allies.

LONG BATTLE LINE
After half a month the battle line would reach from the Rhine to the Danube into Austria, and the French armies would cross Germany to help the Poles fighting the Russians. Complete chaos, hunger, disorder and disease would be the consequence. Another and even more terrible thirty-years' war, says Gen. von Ludendorff, would largely exterminate the German race. These are striking arguments against a new war, and one should expect that this warning, coming from the great war lord, should arouse hopes that even the warlike Hitlerites will sooner or later turn pacifist.

WILL GIVE ADDRESS ON PORT OF LONDON WITH ILLUSTRATIONS

An interesting set of motion pictures is to be displayed tonight, conveying valuable information with respect to the great port of London, in connection with an address which is being given by Mr. E. A. Willey, public relations officer of the Port of London Authority. This lecture of Mr. Willey's will be an interesting and instructive one, being given by one who has exact information on the subject.

The lecture is free, under the auspices of the Victoria Chamber of Commerce. P. B. Fowler, the president of the chamber, will preside. Ladies are specially invited to be present.

In conjunction with the lecture there will be the regular quarterly meeting of the chamber. Mr. Willey's illustrated address will be the feature of the meeting, which will be held in the auditorium of the chamber, commencing at 8 o'clock.

BLIND HEADQUARTERS TO BE OPENED NOV. 19

Lieutenant-Governor Bruce Will officiate at Ceremony on the Mainland

The new building of the Western division, Canadian National Institute for the Blind, is now completed and is to be officially opened on Wednesday, November 19, at 3 p.m.

This building is located at 1101 Broadway West, Vancouver, and its erection was made possible through the generous donations of the public of British Columbia in a drive held one year ago for this purpose.

The bond of management extends a cordial invitation to all who took part in any way in assisting to raise the necessary funds to be present at the opening of the building.

His Honor the Lieutenant-Governor has kindly consented to officiate and the management anticipates that many friends of the institute will attend. An opportunity will be given to inspect the building, including the broom factory and basketry department.

Lambeth Conference Resolution Defended
LONDON, Nov. 12.—The action of the recent Lambeth Conference in passing the much-discussed resolution favorable to birth control under certain circumstances, was warmly defended by the Archbishop of Canterbury today.

Addressing the lower house of the convocation, the Archbishop over which he presides, he said it was a subject impossible to ignore, and that the bishops were right in not attempting to adopt an ostrich policy.

"The conference was determined to consider the matter fully and frankly," he said, "well knowing the risks of misinterpretation to which they would be liable."

"The conference was determined to consider the matter fully and frankly," he said, "well knowing the risks of misinterpretation to which they would be liable."

CRITICIZE HANDLING OF UNEMPLOYMENT

Municipalities Not Coping With Situation in Right Manner Say Veterans

Criticism of the way in which the various municipalities are coping with the present unemployment situation was voiced by members of the Pro Patria Branch of the Canadian Legion, B.E.L., at their meeting on Wednesday night. The members were of the opinion that the municipalities were not dealing sufficiently deeply into the situation in a systematic way, but were merely scratching at the surface.

It was felt that a more comprehensive scheme should be adopted, such as outlined by Sir George Bury, of Vancouver, who favors the establishment of an army of peace on similar lines to an army of war.

The adoption of this scheme would mean the recruiting of men for an army of peace instead of war. Such recruited men would be used on public works and would not be for private exploitation.

In the future, past presidents of the organization will be presented with the past president's jewel, in appreciation of the work done during the regime in office. The membership of the branch was increased by nineteen enrolments since the last meeting, Secretary H. P. Thorpe informed the members.

Following the business session, Rev. O. L. Jull gave an interesting and humorous address on his experiences and observations during the Great War.

CAPONE THOUGHT TO BE IN LOS ANGELES
LOS ANGELES, Nov. 13.—The Examiner last night said Al Capone, notorious Chicago gangster, arrived in Los Angeles last Sunday night, under an assumed name.

Capone has been reported in Southern California for the past week, but no definite announcement as to his whereabouts were made until last night. He was a visitor to this city two years ago, but was given a police escort to the outboard trains as soon as his presence became known.

Chief of Detectives Joseph Taylor said he is certain the Chicago gangster is in Los Angeles or a nearby community, but so far efforts to locate him have been fruitless.

"If he's here," Taylor said, "we'll find him. There are ways in which we can make it uncomfortable for known criminals."

Members of The Examiner staff said they were told of Capone's arrival by a railroad porter, who said he was on the train which brought the gangster. The porter told them, they said, Capone had several men with him, presumably a bodyguard.

CRUSHING DEFEAT TO LABOR FORCES

EDMONTON, Nov. 13.—A crushing defeat was administered to Labor forces in the civic election here, Wednesday, when two retiring Labor aldermen were defeated, reducing the party's representation in the City Council from five to three.

The only Labor alderman re-elected was C. L. Gibbs, M.P.P. Others chosen were all from the Civic Government Association party, as follows: Dr. P. A. Keiller, J. T. J. Collison, K.C., Donald B. Blake and C. Gerald O'Connor.

A similar defeat was accorded Labor entrants in the School Board contest, only one of their number being returned.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat trouble. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal

CRIPPLES MAKE SUBSCRIPTION TO DRIVE HERE

Children of Mill Bay Solarium Donate \$10 to Campaign

VETERANS FACED WITH STARVATION

The little crippled patients in the Queen Alexandra Solarium have subscribed \$10 to the Armistice Period Red Cross Fund. No finer instance of gratitude and sympathy than this has been noted during the campaign. The little cripples had before them concrete examples of the splendid work which is being done for children like themselves by the Junior Red Cross. The three patients of the society who are receiving treatment there most are sufficient proof of the service

which is being rendered, and the patients combined to send the welcome bill to the campaign committee.

Dr. Wace, who called at the headquarters with the money, told of the keenness displayed by the children to help the fund. They wanted to do something to help other unfortunate children, and assist towards relieving distress amongst veterans. The committee was touched by this splendid example which helpless children have set. Fred Landsberg, chairman of the committee, recommends the action to the notice of the public, and hopes it will have an effect upon those who are better able to subscribe liberally to the fund.

STRONG EFFORT NEEDED

A strong effort must be made if the fund is to reach its objective by Saturday night, when the campaign will close. Yesterday \$707 was contributed, making a total of \$15,882 from all sources.

Distress amongst veterans is growing more serious every day. Secretaries of ex-service organizations are besieged by men whose conditions are desperate. Sickness, unemployment, lack of food for their families, no fuel for fires and other troubles are responsible for acute suffering.

The latest case reported is that of a veteran with a pension of \$10 a month, who is unable to obtain work. He has three young children whose health has been badly affected by insufficient food. Continual struggle against adversity has placed its mark on his wife who has recently been admitted to hospital with shattered nerves and heart trouble. The period of privation and anxiety through which she has passed proved too much for her, and a serious health condition has resulted.

FACED WITH STARVATION
But this is by no means the worst type of case. Numerous men without pensions of any kind, and with disabilities which preclude all hope of work while there is a glut of able bodied men on the labor market, as at the present time, are faced with actual starvation.

The horrors of war were nothing compared with the horrors which confront them in peaceful Victoria. They faced death on the battlefield, unflinchingly, recognizing their duty to king and country. But to stand helplessly and hopelessly by and see want and privation making inroads on the health of their wives and children is crueler than any suffering they were called upon to endure as soldiers.

An appeal for funds to enable help to be given to these unfortunate families is an appeal to every grateful and loyal man and woman to do his or her best. Money was poured out like water while the troops were fighting a common foe, and the campaign committee appeals for similar generosity now that veterans are fighting a bitter fight against adversity.

Twelve years have elapsed since the Empire was saved from Prussian domination, and memory is dulled by time. But nothing can detract from the value of the service rendered by the troops during the war years. They saved the situation and suffered in saving it. They need help now from the people they helped then, and the campaign committee, on their behalf, pleads for a prompt response to the cry for aid.

Cheques should be sent to the

Laplanders on Tour in Germany

A Party of Laplanders Who Aroused Wide Interest on Their Recent Visit at Berlin. The Women Smoke Pipes With the Same Nonchalance as the Men.

honorary treasurer, R. F. Taylor, Canadian Red Cross office, 317 Belmont House, or donations may be left at campaign headquarters, 629 Fort Street.

NOTABLE MILITARY FIGURE HAS PASSED

With the passing of Major Francis Verschoyde Young at 2515 Turner Street, on November 11, a notable military figure has been called to rest. He was seventy years of age, was born in Bedfordshire, England, and had resided here for the past twelve years. Major Young served throughout the South African campaign, where he was mentioned in dispatches. While on the Prairies at the beginning of the Great War, he raised two battalions of troops for overseas service. Latterly he was a member of the Dominion Government taxation department. He is survived by one sister, Mrs. R. B. Kirchoffer, of Los Angeles, California; also four brothers, Dr. T. W. H. Young, of Paerboro; Colonel J. W. L. Young in India; C. Warburton Young, of West Vancouver, and A. L. Young, of Souris, Manitoba. The remains are being interred at the Victoria General Hospital at 3 o'clock. Interment will be made in Ross Bay Cemetery.

Both to Blame

Mr. Justice Murphy disposed of the case of Pal Singh vs. C. N. Tubman in the Supreme Court yesterday. The action was one in which the plaintiff, represented by P. J. Sinnott, claimed \$350 for damages resulting from being hit while on a bicycle by the defendant's automobile. W. C. Moresby, K.C., appeared for the defendant. The accident took place on Government Street near the Hillside junction. His Lordship found that both parties were equally to blame for the accident, assessing the damages against the defendant at \$175.

Obituary

MORROW—There passed away on November 13, Hugh Morrow, aged seventy-six years, born in Ballyshannon, Ireland, and residing in this city for the past five years, his late residence being 916 Heywood Avenue. He leaves to mourn his loss one daughter, Mrs. T. F. Baxter, of the same address. The remains are being interred at the Victoria General Hospital at 3 o'clock. Interment will be made in Royal Oak Burial Park.

STANNARD—There passed away at the Jubilee Hospital yesterday, H. F. Stannard, a resident of Victoria for a long time. The remains are being interred at the Victoria General Hospital at 3 o'clock. Interment will be made in Royal Oak Burial Park.

HEISTERMAN—The remains of John Bernard Heisterman were laid to rest in Royal Oak Burial Park yesterday afternoon, the funeral taking place from Hayward's B.C. Funeral Chapel at 2:45, proceeding to St. Mary's Church, Oak Bay, where an impressive service was conducted by Rev. Canon Nunna at 3 o'clock. A large gathering of friends was present, and numerous beautiful floral designs covered the casket, hearse and extra car. The following acted as pallbearers: Jack Hamlet, Brian Green, Jack Twigg, Ken Boorman, Terry Todd and Cecil Gore.

IRVINE—The funeral of Cecile Irvine took place yesterday morning at 8:30 from the Thomson & Fetterly Funeral Home, proceeding to the Catholic Church, Songhees Reserve, where mass was celebrated by Rev. Father Wood. There were many friends present, and the casket was covered with beautiful floral tributes. The hymn "Nearer, My God, to Thee" was sung. The following acted as pallbearers: J. Sliver, D. Fallard, G. Fletcher, G. Cooper, R. Albany and G. Barter. Interment was made in the old Songhees Cemetery.

BURQUIST—The funeral of Mrs. Kate Burquist will take place this afternoon, leaving the Thomson & Fetterly Funeral Home at 1 o'clock, the cortege proceeding to Holy Trinity Church, Patricia Bay, where service will be held at 2 o'clock. Rev. T. M. Hughes officiating.

OWENS—The funeral for Mrs. Bridget Owens, who died in this city on November 10, was held yesterday morning, the cortege proceeding from the parlors of the S. J. Curry & Son Funeral Home to St. Andrew's Cathedral, where mass was celebrated at 10 o'clock. Many friends were present at the service and beautiful floral tributes were received. Rev. Father J. Gaudette officiated, and interment was made in the family plot at Ross Bay Cemetery. The following acted as pallbearers: P. Coleman, P. McCabe, W. A. Mulcahy, J. L. Colbert, W. McManus and M. H. Ramsey.

WHARFE—The funeral of Mary Wharfe, wife of Frederick Wharfe, of Esquimalt, will take place on Saturday afternoon at 2:30 o'clock, from McCall Brothers' Funeral Home. Rev. F. C. Chapman will conduct the service, after which interment will be made in Royal Oak Burial Park.

WILSON—Many friends attended the funeral of Captain Thomas Wilson, which took place on Thursday morning from McCall Brothers' Funeral Home to St. Andrew's Cathedral, where mass was celebrated at 9 o'clock. Rev. Father C. E. Evans officiating. Interment was made at Ross Bay Cemetery, with the following as pallbearers: C. W. Goble, F. A. Mulcahy, H. R. Ella, W. Moore, J. Cathcart and J. T. Braden.

ROSS—There passed away yesterday afternoon at the family residence, Iona Street, Saanich, Joseph Ross, aged fifteen years, son of Mr. and Mrs. J. J. Ross. He was born in Victoria and is mourned by his father and mother and seven brothers and four sisters, all of Victoria. The remains were interred at McCall Brothers' Funeral Home. Announcement of the time of the funeral will be made later.

PARSONS—The funeral of Joshua Parsons, who died in this city on November 12, will take place this afternoon from McCall Brothers' Funeral Home at 2 o'clock. Rev. James Hood will conduct the service, after which interment will be made at Ross Bay Cemetery.

LIDSTONE—There passed away very suddenly as the result of an accident Thursday morning, William Lidstone, eldest son of Mr. and Mrs. T. J. Lidstone, of 1593 Bay Street. He was a native of Newfoundland and a resident of this district for the past thirty-five years. Mr. Lidstone was aged forty years and is survived by his parents; five brothers, Frank, Douglas and Robert, of Victoria, Daniel and Thomas at New Westminster; three sisters, Mrs. H. Vye, of Kings Road, Mrs. F. Howlett, of Saanich, and Mrs. W. Tulk, of Vancouver. Mr. Lidstone was a veteran of the Great War and had many friends

CHRISTY, HALL BUILDING HAS CHANGED HANDS

Business Property Has Been
Acquired by Well-Known
Musical Dealers

BRANSON, BROWN & CO.
NEGOTIATE THE DEAL

One of the most important downtown real estate deals which has taken place in Victoria for a considerable time concluded yesterday, when S. G. Clark and R. J. Lathrop, of Branson, Brown & Company, secured the ownership of the two-story building, situated between Douglas and Broad Streets, which was formerly the property of Fletcher Brothers.

The two-story building, situated between Douglas and Broad Streets, was built shortly before the outbreak of war by R. V. Winch & Company, and is recognized as one of the most desirable business sites in Victoria.

Fletcher Brothers have now acquired an L-shaped piece of property, connecting Fort Street with Douglas Street. Mr. Fletcher stated yesterday that his firm had acquired the premises because it felt that real estate property offered a good investment in Victoria at the present time.

He indicated that there was no immediate change contemplated in the property or its present management.

CALCUTTA PROFESSOR
IS WINNER OF PRIZE

1930 Nobel Award for Physics
Awarded to Sir Chandrasekhara Venkata Raman

STOCKHOLM, Nov. 13.—The Nobel prize for physics today was awarded to Sir Chandrasekhara Venkata Raman, professor of physics at Calcutta University.

Sir Chandrasekhara Venkata Raman is forty-two years old and was educated at the Presidency College in Madras. He won the Curzon research prize in 1912 and was Woodburn research medalist in 1913. He was general president of the Indian Science Congress in 1928.

In 1924 he was research associate at the California Institute of Technology, Pasadena.

He is noted for his study of light and sound and defraction of X-rays.

IS SENTENCED TO
THREE MONTHS FOR
SUPPLYING LIQUOR

In the Spanish police court, yesterday afternoon, J. Babin, charged with supplying liquor to an Indian woman, was found guilty and sentenced to three months in jail with hard labor.

In addition to this charge, the accused was also convicted of being intoxicated while in a public place. He was fined \$25 on this count.

Announcements

Masters' Bakery has long held the reputation for perfection in wedding, birthday or anniversary cakes. Decoration has long been a specialty, combining real art with over twenty years' experience. Only the very best of materials, most up-to-date methods and the highest standard of work are found in our independent bakery. Inquire into our prices; you will be amazed at the comparatively low cost.

What more can be said than already has been said of the necessity of taking care of your personal appearance? It may be that for months you have studied these advertisements. Are you still hesitating to seek advice and help from Miss Hannan? What a pity! because all the time you are putting up with imperfections you need not endure. 503 Bayward Building.

Current event class at the Y.W.C.A. Friday evening, 7:30. Mrs. H. Mackenzie in charge.

HON. GORDON SCOTT IN QUEBEC CABINET

QUEBEC, Nov. 13.—Hon. Gordon Scott was named a member of the Quebec Legislative Council for the seat of Wellington, and also a Minister Without Portfolio in the Cabinet of A. Taschereau, by an order in council today.

Premier Taschereau will himself act as Provincial Treasurer during the coming session of the Legislature, it was announced. Mr. Scott had been appointed to the Provincial Treasury, but was defeated in a by-election in Huntingdon last week.

Just Roamin' Around

By TWO ROVERS

We had been relaxing, Rover and I, on my little bed, covered with my old military overcoat, now dyed black and trimmed with emerald-green flannel on collar, cuffs, pocket and belt (that's the tank-God-blessed Irish in me, for which I am most sincerely grateful), and Rover was sitting on the floor, looking at me with his eyes fixed on my feet were exactly on the floor, but you save, nicht wahr?

We had both been snoring our heads off, too; that's why our land good neighbors call our place "Snore Street"; they do, and, with their help (we've heard them), it is so!

And then, during the above conversation of snoring, somnambulistic, orchestral concert, a friend arrived in his limousine; that is, he left it on the street where we reside and he elevated up to our room, and, entering swiftly, some somewhat took us by surprise, said: "Get your overcoats on, you fellows, and come with me out to my little place at Prospect Lake; and we did so."

Count about three and a half whizzbangs and we are there—Prospect Lake. It is indeed well named for the prospect is superb. The lake is a sheet of water about a mile or so long, and sometimes too far across to swim on a cold day, especially in one's dress clothes; undress clothes being more swimming-suitable.

"The 'little place' he spoke of is not that at all, at all! We expected to find a bachelor shack of sorts, unkempt, uncouth, uneverything else; but we got the surprise of our young (Rover) and old (me) lives. Instead of a 'place' it is a dandy, dear little city bungalow (all conveniences, hot and cold water, electric light, etc.), a miniature palace beside the placid waters of a little limpid, lucid lakelet, whilst from the veranda we can see the sweetest prospect we have encountered whilst roamin' around."

The lake was clothed in a mystic, misty cloak, a seasonable mantle, through which the stately trees on the other side were reflected as merely artistic suggestions in the cool waters, whose tops almost reached to our feet, as we stood on the shore and registered this vow:

Only one kick have we to make, Rover and I. Why don't we live at Prospect Lake, Rover and I?

Every morn' we'd wake with the loon;

Every sunny-gold afternoon, Every night, by the light o' the moon.

We'd sleep and sip and smoke and spoon, Rover and I.

And, maybe, we'd softly, gently croon, To the twang of a lute, or harp, or flute.

To a bashful "beast" in a bathing suit, Oriflamme hued and otherwise cute. Who, such is one liberty we might better than the fastest of the West.

We designate, just for folly's sake, As "Dear Lady of Prospect Lake," Do Rover and I.

Our host asked me what regiment I was in overseas. What Reggie meant was, what corps was I a corporal in. I told him "not the Waacs, worse luck."

City & District

Chimney Fire—City firemen were called to premises situated at the corner of Howe and May Streets at 6:25 o'clock last night to extinguish a chimney fire. No damage resulted.

Is Acting Minister—Appointment of Hon. Joshua Hinchcliffe, Minister of Education, as acting Minister of Agriculture, in the absence of Hon. William Atkinson, who is en route to Ottawa for a meeting of Federal and provincial agriculturists, was announced here yesterday.

Express Sympathy—At the meeting of the Victoria Life Underwriters' Association yesterday a resolution was passed authorizing the sending of a letter to Charles Heisterman, a member of the association, expressing the sympathy of the members in the bereavement he had suffered in the death of his brother, John B. Heisterman.

To Nominate Officers—The Victoria Life Underwriters' Association is preparing for its annual election of officers. At the luncheon meeting of the organization yesterday a nominating committee, composed of Col. Lorne Ross, Robert Temple, Major R. Wallis and the secretary, W. E. McIntyre, was appointed to bring in a report for the next meeting.

Police Chief's Report—Chief of Police John Fry presented his report for October to the Board of Police Commissioners yesterday afternoon. The report showed 247 calls responded to during the month.

There were 180 convictions, with fines totaling \$1,182.50. The report also showed 152 accidents involving automobiles, in which three persons received serious injury and one died.

The speaker dealt with the manner of collisions with fences, poles, bicycles, clutter light standards and hydrants. The report was adopted by the commission.

Illustrated Lecture—Before a large audience at the Oak Bay United Church, yesterday afternoon, John Hosie, provincial archivist and librarian, gave an interesting illustrated lecture on "The Historic Cariboo." The speaker dealt with the trail from the days when it was little more than an Indian guide's path to the present great highway.

One of the most picturesque in the world, Mrs. P. W. Laing, president of the Women's Educational Auxiliary, under whose auspices the lecture was given, introduced the speaker.

Tank Explodes—When one of the saturation tanks of the Sidney Roadway & Paper Company, Industrial Reserve, became overheated and exploded yesterday afternoon, about 1 o'clock, it blew a small portion of the metal roof overhead, some twenty feet, while the contents of the tank caught fire.

A call was sent to city fire headquarters, but company employees extinguished the fire previous to the arrival of the department. The blast of the explosion was heard in the heart of the city and aroused the curiosity of many citizens. No one was injured.

Refuse Endowment—A special meeting of the Victoria Music Teachers' Association was held on Tuesday to meet the representatives of the Universal Music Service, of New York and Minneapolis, who placed before the members of the association an advertising scheme offering one month's free lessons to students. After an interview and an ensuing lengthy discussion, resolution was unanimously passed not to endorse the scheme. Dr. Watson, president of the association, was in the chair. Any information on the matter will be gladly supplied by the secretary of the association, Oliver R. Stout.

ARRIVE AT SAIGON

SAIGON, French Indo-China, Nov. 12.—The French flyers, Goulette and Laquette, landed here today, having come from Paris in five days three hours fifty minutes flying time, more than thirty hours better than the fastest previous time established by Dieudonne Coste and Maurice Bellonte.

Mrs. Bragg: "That is a sunset my daughter painted. She studied abroad, you know."

Art Critic: "Ah, that explains it! I never saw a sunset like that in this country."

VICTORIANS ARE DISCRIMINATING

More High-Grade Meats
Sold in City Than Else-
where in Canada

SUPPORT FEEDER SALES

Victoria is acquiring a reputation for the discrimination of its citizens in meat purchases, and consume more red and blue branded beef than any other city in Canada, for its population, it was stated yesterday by J. W. Cahill, of Calgary, district superintendent for Alberta and British Columbia in beef grading. Mr. Cahill was accompanied on a brief visit to the city by G. J. Gray, his assistant at Vancouver, and called on officials of the Department of Agriculture.

Stock and feeder sales in the West are rapidly raising the quality of beef and mutton marketed for consumption, believes Mr. Cahill, who attended the Saskatchewan auction, where 17,800 sheep and lambs were disposed of in this manner, for conditioning before being sold as choice and good grades of mutton and lamb.

If British Columbia follows the same system, he believes, it will lead to a general improvement in the stock produced for meat purposes, and will also benefit ranchmen and farmers by arranging for the feeding of unconditioned animals at places where a plentiful supply of feed is available.

Mr. Cahill learned of initial efforts to arrange a beef cattle sale along this line this year, and said he hoped the idea would be carried out by the producers next year.

Officials of the Federal and Provincial Departments of Agriculture are combining in a joint effort to instruct the public on economical meat purchasing, through publication of charts of standard cuts, and also by attention to grading, and explanations of what the various grades denote. Booklets of recipes for using all forms of meat will be distributed shortly, to further the work.

INTERNATIONAL NICKEL
SEPTEMBER EARNINGS

MONTREAL, Nov. 13.—Earnings on the common stock of the International Nickel Company of Canada, Limited, for the three-month period ended September 30, 1930, were 10 1/2 cents per share. This compared with 20 cents for the quarterly period ended June 30. Net profits for the three-month period ended September 30 were \$2,013,865. Total income amounted to \$3,746,707.

L.O.B.A. Meeting

The monthly meeting of the Queen of the Island Lodge, No. 299, L.O.B.A., was held on Wednesday in the Orange Hall, worthy mistress Mrs. Keatinge in the chair. Election of officers for the ensuing year took place, resulting as follows: past worthy mistress, Mrs. Keatinge; worthy mistress, Mrs. Laine; deputy mistress, Mrs. Doherty; recording secretary, Mrs. Robertson; financial secretary, Mrs. Drysdale; treasurer, Mrs. Dinsley; first lecturer, Mrs. Baker; second lecturer, Mrs. Carlow; director of ceremonies, Mrs. Badier; guardian, Mrs. Gupilli; inside guard, Mrs. Martin.

Committee ladies, first, Mrs. Winter; second, Mrs. Noble; third, Mrs. Stephen; fourth, Mrs. Westgate; fifth, Mrs. Gilder; Auditor, Mrs. Gilder; Mrs. Badier, Mrs. Armstrong. The next meeting will be held on November 26, and will be followed by a social evening.

Chapter Plans Tea

Chapter players will be interested to know that the Robert Burns McKicking Chapter, I.O.E., is planning a party for the end of this month. This will take the form of a bridge tea, to be held in the private tearoom of David Spencer, Limited, on Saturday afternoon, November 29. Play will commence at 2:30 o'clock sharp, and prizes will reward the winners. Players are requested to bring their own cards and score pads, and to be at their tables as promptly as possible. Mrs. H. W. Davey, 346 Vancouver Street, is acting as convener, and table reservations can be made with her. Phone E 3730. Those unable to make table reservations are cordially invited to tea, which will be served from 4:30 to 6 o'clock. This will be the last social affair of the chapter until after Christmas.

Dr. O. M. Jones Chapter
The regular monthly meeting of the Dr. O. M. Jones Chapter was held at the home of Mrs. F. Jordan on Tuesday evening, Mrs. Ellis, the regent, in the chair and twelve members present. Routine business was attended to, and the members decided to send a monthly bundle of magazines to the Peace River country. The distribution of milk has been commenced in the city schools, and other child welfare work is being done. A contribution has been given to further hospital work in India, through the order there, and plans were discussed to dispose of a Christmas cake donated by one of the members. Mrs. L. W. Smith was welcomed as a new member. The next meeting will be held on December 9 at the home of Mrs. J. W. Duncan, 78 Wellington Avenue.

Bridge Party
The Girls' Guild of St. Mary's Church, Oak Bay, held a very successful bridge party on Wednesday evening in St. Mary's Hall to raise funds towards the payment of a altar screen. During the evening a buffet supper was served. The first prizes were won by Mrs. A. C. Stewart and Mr. Jack Day, and the consolation prizes by Miss Taylor and Mr. K. C. Symons.

J.B.A.A. Auxiliary
The Ladies' Auxiliary to the J.B.A.A. will hold a bridge party this evening at the clubhouse. A number of tables have already been reserved. A musical programme will be given. Mr. Leon Conyers will sing and little Miriam Schwabe will dance.

F. Nightingale Chapter
Members of the Florence Nightingale Chapter, I.O.E., will hold a sewing meeting at the home of Mrs. G. Mellor, 1122 Oxford Street, this afternoon at 2:30 o'clock.

St. Joseph's W.A.
The Ladies' Auxiliary to St. Joseph's Hospital will hold its regular monthly meeting this afternoon at 2:30 o'clock in the sewing room of the hospital.

Fairfield Choral Society Entertains
The Fairfield Choral Society held a successful evening in the Sons of England Hall on Wednesday night under the convener'ship of Mr. and Mrs. Tom Dalzell, Major H. Watts conducting and Mrs. N. Fairweather, the president, presiding. The first part of the evening was taken up with bridge, games and contests, the judges of the various contests being Mrs. H. O. Litchfield, Mrs. Leonard James and Captain McGrath. R. Webb and Captain McGrath sang in their usual dashing style, and the Merry-makers orchestra provided a bright programme of dance numbers. Refreshments were served by the lady members of the choral society.

At the conclusion of the festivities, Reginald Hayward, M.P.P., presented the prizes. The next rehearsal will be held in the Chamber of Commerce Hall on Wednesday, November 19, at 8 o'clock.

Guides Enrolled
CHEMAMINUS, Nov. 13.—There was an enrollment of Guides in the Knights of Pythias Hall on Tuesday. This was attended by the First Nanaimo Company, Girl Guides, and their parents.

Mrs. R. B. Waldon, captain First Company Chemaminus Guides, assisted by Miss Vye, acting lieutenant, enrolled the following girls, all of whom have been Brownies in the Chemaminus Company: Virginia Humbird, Helen Jones, Patie English, Betty Lowe and Nellie Doda. Yearly stars were also presented to Jean Evans and Joy Lang. Following the presentations, games and singing were enjoyed by the girls and Mrs. J. H. Humbird delighted all by showing motion pictures taken by Mr. Humbird at the Guide camp which was shared with the Nanaimo Company last summer. Refreshments were served at the close of the entertainment.

PRIZE WINNERS
Winners of the various contests held in connection with the Old Country Fair at Lake Hill Community Centre, were: Pillow cases, Mrs. Booth; box of candles, Mrs. McDonald; fruit cake, Mr. Groust; apron, Mrs. Hallier; doll dresser, Mrs. Cooke; chicken dinner, Mrs. Penderay; pie, Mrs. Molyneux; silk cushion, Mrs. Harper. Other prizes were won by J. B. Brown, Mrs. Smith, Mrs. Malign, W. H. Anderson, E. Dixon, Joe Hancock, P. Sheriff, B. Mitchell, J. Peddie, Mrs. Harper, Mr. Farquhar, M. A. Sack, G. Simmonds, J. R. Erb and Mrs. Gallie. Mrs. Harris had charge of the chicken dinner.

QUEBEC HAS RECORD REVENUE IN LIQUOR
By CHARLES LYNCH
(Copyright, 1930, by The Chicago Daily News Foreign Service.)
OTTAWA, Nov. 13.—The Quebec liquor commission enjoyed the most prosperous year in its history, with a total profit of \$9,580,791 for the fiscal year ending June 30, according to the financial statement just published.

A total of \$2,248,611 must be added to the above sum as income from licences for shops, hotels and restaurants. The province enjoyed a surplus of \$2,005,790, the receipts amounting to \$59,113,725 and disbursements to \$57,107,995.

TWO ARE CAPTURED
QUELPH, Nov. 13.—Twenty-four hours' search by Ontario reformatory guards resulted in the capture last night of Clifford Marshall, of Quelp, and Walter White, of Gananoque, who escaped from custody Tuesday. Three others who made a break for liberty at the same time were captured shortly afterwards.

The photograph of Mrs. W. J. Jamieson, a recent bride, appeared in The Colonist of November 12 was by Robert Fort and not by Savannah, as was inadvertently stated.

Women's Institutes of Vancouver Island

LAKE HILL

There were fifteen tables of players at the usual five hundred game held on Monday evening in Lake Hill Community Hall under the auspices of the Women's Institute. Another game will be held next Monday evening under the management of the Community Centre card committee.

ROYAL OAK

The Royal Oak Women's Institute will hold a concert this evening in aid of the Solarium. There will be a good orchestra and a one-act play will be included in the programme.

LUXTON

The Luxton and Happy Valley Women's Institute held its regular monthly meeting on Thursday at the home of Mrs. A. Hobbs, Sooke Road. There was a good attendance, and Mrs. B. Welsh, the president, was in the chair. A satisfactory report of the card party held on October 25 was read. Mrs. Heath and Mrs. Hutchison, who were the delegates to the recent Island conference, held at Victoria, gave their report. Refreshments were served by Mrs. A. Hobbs, the hostess, and Mrs. Madders.

On October 25 was read, Mrs. Heath and Mrs. Hutchison, who were the delegates to the recent Island conference, held at Victoria, gave their report. Refreshments were served by Mrs. A. Hobbs, the hostess, and Mrs. Madders.

OYSTER BAY
The Oyster Bay Women's Institute held its monthly meeting at the home of Mrs. Walter Porter, the president, Mrs. Rumble, in the chair. Interesting reports were given of the recent convention held in Victoria by the South Vancouver Island Women's Institutes, by the Oyster delegates, Mrs. Brown and Mrs. Troop. Those present were: Mrs. Rumble, Mrs. W. Porter, Mrs. Brown, Mrs. Troop, Mrs. Rouleau, Mrs. F. Reed, Mrs. Southin, Mrs. Wood, Mrs. Raver, Mrs. E. Peeries, Mrs. Thicke and Mrs. Newcombe.

In a message directed to women of all countries, Dr. Woo declared that Chinese women are no less intellectual than their European sisters if given a chance to learn. Particularly since the Great War, Chinese feminists have come into their own, having abolished the Chinese custom of keeping concubines in households, procuring laws whereby women can share in property and stamping out the practice of binding and disfiguring the feet of girl babies.

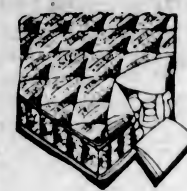

"Has anyone ever been lost in crossing here?" asked a timid woman who had hired a boatman to ferry her across the river.

"Yes," was the reply. "Mah brother was drawn' heah last week, but they foun' him the next day."

Chinese Educationist Lauds Countrywomen

VANCOUVER, Nov. 13.—Cultured, educated women taught by tutors whom they shared with their brothers, existed in China prior to the twentieth century and before the Western world had attained any high degree of civilization, Dr. T. Catherine Woo, O.B.E., principal of St. Paul's Girls' College in Hong-kong, and brilliant graduate of St. Hilda's College, Oxford, stated on the Canadian Pacific liner Empress of Asia here today as she sailed for the Far East.

In a message directed to women of all countries, Dr. Woo declared that Chinese women are no less intellectual than their European sisters if given a chance to learn. Particularly since the Great War, Chinese feminists have come into their own, having abolished the Chinese custom of keeping concubines in households, procuring laws whereby women can share in property and stamping out the practice of binding and disfiguring the feet of girl babies.

SUNSET solves every dyeing problem

YOU have no dyeing problem with Sunset—the one cake of concentrated colour dyes all fabrics—at one and the same time—the same shade, and cleans the fabric too!
That's the wonderful thing about Sunset—it gives you the colours you want—fast, brilliant, full of life, in just the right shades that will help you be in the latest fashion always!
And rich, dark colours too! True Navy Blue—beautiful real Green, a lovely warm Brown—and Black! Sunset is world famous for its raven-black—black that is always black—sombre yet brilliant—and always the same—no variations in silk, wool, cotton or mixed goods.
That's Sunset—a patented household dye that assures perfect results every time—no guessing—no worrying—far superior to old-fashioned powdered dyes. Colour is there today—any one of our 22 wonderful standard colours is yours for 15c when you use Sunset. Remember—with Sunset you are safe—perfect results, beautiful colours—no mottled hands, no spotted utensils—it's clean and fast. Get Sunset today at your dealer's—it's the REAL FAST dye for every household dyeing purpose.
Ask your dealer to show you the Sunset Colour Card. If he cannot supply Sunset Dyes send 15c per cake to:

PLAYERS ENTERTAIN AT CLUB LUNCHEON

Rotarians Hear Delightful Entertainment by Members of McLeod Company

"It was by a community effort on the part of the Rotarians that we were able to return for another season in this city, and it will be a community effort on the part of the Rotarians if we are able to stay," said Gordon McLeod, managing director of the Gordon McLeod English Players, addressing the luncheon meeting of the Rotary Club, held in the Empress Hotel yesterday.

C. Denham, manager of the Royal Victoria Theatre, introduced Mr. McLeod, who, in turn, introduced members of his company, who were guests of the club.

Patrick Ludlow and Robert A'Dair gave an amusing impromptu sketch. This started with a spirited rendering of "The Meanderings of Monty," given by the former, who will be remembered as having appeared with Percy Hutchinson in "The Luck of the Navy." Mr. Ludlow took the part of the midshipman in this play when it came to the Royal Victoria Theatre ten years ago.

Those who took the opportunity of seeing "Journey's End" at the Playhouse recently will remember Robert A'Dair as the officer who turned over to the incoming company at the beginning of the picture.

Both Mr. Ludlow and Mr. A'Dair kept their audience in fits of laughter with their spontaneous back chat.

Wyllie Watson was also responsible for a clever number. Apologizing for being unable to sing a song which was written in too high a key (having been composed by a fishmonger in the Summer time) this versatile artist told a number of amusing stories, winding up with some clever sound effects on the cello, which ranged from imitations of a farmyard to a pipers' band.

Radio Programmes

Summary of Schedule at Victoria and Other Pacific Coast Stations

CFTV, Victoria, B.C. (413Am)

8:15 a.m.—"Timely Topics"—Dr. Clem Davies.

9:30 a.m.—Continuous programme until noon.

12:00 noon—Madame Samml, clairvoyant.

2:00 p.m.—Fifteen-minute programme.

6:15 p.m.—"The Sunset Hour".

7:15 p.m.—"What's Doing in Town": weather report and forecast; West Coast information service; time.

7:30 p.m.—Thirty-minute programme.

8:00 p.m.—"Bliss and Wonder".

8:15 p.m.—Band of the 5th B.C. Coast Brigade, C.A.

11:00 p.m.—Charlie Hunt and his Victorians.

CJOK, Vancouver, B.C. (517Am)

BROADCAST BRIEFS OF THE AIR

Two prominent football eleven—those of Yale and Princeton—will meet at Princeton tomorrow, with Graham McNamee describing the game for a coast to coast audience of N.B.C. listeners between 10:50 and 1:30 o'clock, P.S.T. This game will be heard over station KOMO, Seattle, by local radio fans.

Comedy and melody, intertwined in the "Mistah Bones" style which

is ever popular, mark the El Siedo Minstrels' programme to be presented tonight from 9 to 9:30 o'clock through the N.B.C. network.

Harold Peary and Charles Marshall are the end men, and Harry Hopkins the interlocutor in this feature. Other artists who will sing are Harry Stanton, Harold Dana, Irving Kennedy and Ben Klassen. Joseph Horak directs the orchestra. This programme will be released in the West by KOMO and KGO.

Dedicated to the Olympic Club of San Francisco, a ninety-minute Spotlight Revue will be broadcast

throughout the N.B.C. network tomorrow night at 10:30 o'clock P.S.T.

Both Perry Lacey, head football coach, and Jack Hubbard, assistant football and head basketball coach, will be interviewed before the "mike" by Lloyd E. Yoder. In the studios will also be the 100-piece orchestra of the Olympic Club and the glee club of fifty singers.

Humor and melody in equal proportion will be heard during the balance of the programme. This popular revue is released by KOMO for Victoria fans.

MOTHER KILLS CHILD

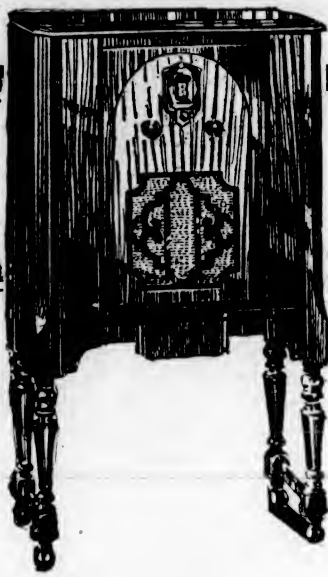

STRAITFORD, Ont., Nov. 13.—Mrs. W. S. Mills, thirty-three, stabbed herself to death today after sinking a knife in the throat of her eight-year-old daughter, who is in a precarious condition. No motive is advanced for the deed.

Johnny—When I grow up I'll be a man, won't I, mother?
Mother—Yes, son, if you work hard and are industrious at school.
"Why, mother, do the lazy ones turn out to be women when they grow up?"

Al Singer to Defend World's Lightweight Championship Crown Tonight

Titleholder Will Battle Canzoneri In 15-Round Bout

Wise Ones Greatly Perplexed Over Mental Conditions of Youngsters—Championship Mix Expected to Gross About \$50,000

NEW YORK, Nov. 13.—Young Al Singer, who won himself a lightweight championship by knocking out Sammy Mandell last summer, will carry the crown into battle for the first time tomorrow night in a fifteen-round match with Tony Canzoneri in Madison Square Garden. Singer's defence of the 135-pound title will mark the first time in that class staged indoors here since Benny Leonard whipped Ritchie Mitchell in the old Garden years ago. Under financial conditions existing in the fight game today, however, despite the drawing powers of the two local favorites, gate receipts are not expected to exceed \$50,000. The Singer-Mandell affair, staged in the Yankee Stadium, drew better than \$150,000.

The mental rather than physical condition of the youngsters perplexes the wise ones who whisper

the odds on tomorrow night's battle. Singer, after knocking out Mandell in a round, tackled Jimmy McLarnin, the Vancouver welter, in an overweight match and was himself battered senseless. The critics fear that Singer, just turned twenty-one, may have been "spoiled" by that defeat.

CANZONERI IN SHAPE Canzoneri, not yet twenty-three, still is such a veteran in point of action that the ring-wise believe his best days are behind him. He lost the decision in Mandell's last successful title defence and was beaten a few months ago by Billy Petrolle, of Fargo, N.D. He has rested for the past few months, however, and seems in splendid condition.

Almost two years ago Canzoneri and Singer met for the first time and the match was declared a draw, although most of the critics gave Tony a wide edge on points.

VON PORAT AND SCHMELING MAY MIX IN EUROPE

Heavyweight Champ May Meet Norwegian in London or Berlin

DEPARTURE FROM U.S. CAUSE OF COMMENT

By BJORN BUNKHOLDT (Copyright, 1930, by The Chicago Daily News Foreign Service)

OSLO, Norway, Nov. 13.—The sudden return home to Norway from Chicago of Otto von Porat, heavyweight pugilist, has caused considerable comment here. Those who possess von Porat's confidence say that the indirect cause of his departure is the bad reception he got him in Chicago and his weak boxing that night. He is also reported to be dissatisfied with his manager and as wishing to get rid of him.

The chief reason, however, is said to be his wish to meet Max Schmeling, champion heavyweight, as the latter has recently declared that he wanted to fight in Europe. Everyting tends to confirm Schmeling-Von Porat fight either in Berlin or London. After the fight von Porat most probably will go in for farming.

SOFTBALLERS TO WIND UP SEASON

Westholme League to Hold Grand Finale at Colwood Hall on Friday, November 21

The grand finale of the Westholme Softball League will be held at the Colwood Hall a week from tonight in the way of a dance and presentation of trophies. Officials of the league have been working hard to make the function a great success, and it is hoped that their efforts will be rewarded.

President William Spencer will present the Westholme League and city championship cups to the captain of the Jokers club. Jokers enjoyed a great season on the diamond, winning the league honors and then breezing through to the city title for a second consecutive year.

Officials of the Lower Island Association are cordially invited to attend as guests of the Westholme League. Tickets may be secured at The Colonist, Times, Olympic Recreations, Goucher's service station at Colwood, or from league officials.

English Cue Expert Still Out in Front

LONDON, Nov. 13.—The third day's play of the fourth match of the billiard championship showed Davis, the English champion, leading in the point score with 15,554 points against 12,756 for his opponent, Tom Newman.

Walter Lindrum, Australian champion, who in the first three matches of the tournament has proved himself by far the best of the four participating professionals, closed in play with 8,383 points. Clarke McCoskey, fellow Australian, had 10,312.

Lindrum gave each of his three opponents a handicap of 7,000 points.

BELIEVE IT OR NOT

By Ripley

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON
Daniel Foss—Foss, a native of Elkton, Maryland, was the only person saved from the ship Negotiator, of Philadelphia, which went down in the Pacific Ocean on November 26, 1881, bound for the Friendly Islands. Foss was cast upon a desert island and lived for five years on seal meat and rain water. Reference: "Nautical Lines," Vol. 12 (New York Public Library) and Reels in Philadelphia Commercial Museum.

Horse Shod With Gold—Miss Edith Thompson, an eccentric American, living at Edinburgh, Scotland, had her pet horse shod with horseshoes of solid gold. To the indignation of the thrifty inhabitants of that city. The story is told in "El Caballo de Los Siglos."

Singer-Canzoneri Title Go Tonight To Be Broadcast

NEW YORK, Nov. 13.—The lightweight championship fight at Madison Square Garden, Friday, between Al Singer, title-holder, and Tony Canzoneri, will be broadcast through station WEAF and a National Broadcasting Company network. It was announced today. This marks a reversal of the Garden's former policy against broadcasting title fights. Grahame McNamee and Ford Frick will do the announcing, going on the air at 9:30 p.m. (E.S.T.) or 6:30 p.m. Victoria time.

ARSENAL FACING ANOTHER TOUGH MATCH SATURDAY

English First Division Leaders Will Oppose Sheffield Wednesday

ASTON VILLA WILL MEET DERBY COUNTY

LONDON, Nov. 13.—Last Saturday Arsenal had to fight off the challenge of Aston Villa to retain their lead in the championship table of the English Soccer League. First Division. That match was played at Highbury, the home grounds of Arsenal. Next Saturday the Londoners must again struggle to keep their lead, but this time they must travel to Torquay. Their opponents will be Sheffield Wednesday, the league champions, who have steadily climbed up to the runners up position. To fill up the cup for soccer fans in England, Aston Villa will have to meet Derby County, and the third position in the standing is involved in this game.

Everton, leading the second division, have an easy task on Saturday as they meet Millwall, who should not give them much of a battle. In the third division, Preston North End, though at home, will get a much more severe test as their opponents are West Bromwich Albion, who are in fourth position.

Notes County, the only unbeaten club this season in league football in the British Isles, and leaders in the Southern section, Third Division, must travel to Torquay, and may lose their proud record as Torquay are a tough team to beat at home. They are third in the championship table.

In the Northern section, Lincoln City, pace setters, have also been provided with stiff opposition in Wrexham, third in the table.

The dayrmaid slowly milked the goat. And, putting, she paused to mutter—"I wish you'd kindly turn to milk."

And the animal turned to butt her!

Goodfellow's Goal Gives Detroit 1 to 0 Win Over Rangers

Jack Adams' Squad Opens N.H.L. Season With Great Victory Over Patrick's Team—Toronto and Americans Battle to Scoreless Draw

DETROIT, Nov. 13.—Detroit's Hockey League here tonight. The game, played before about 8,000 spectators, was a typical early season exhibition of the popular Winter pastime. Neither team showed real form and as a result the game was somewhat dull. In addition to this the unseasonably warm weather and ultra strict officialing detracted from the game's attractiveness.

The result is a fair indication of the trend of the play. "Amazing America" greatly improved over last season and possessing three snappy front lines, held the local hockeyists thoroughly in check with "Red" Dutton and Billy Brydie, displaying brilliant defensive work in breaking up Toronto's goal-getting efforts.

CLANCY SHINES King Clancy, recently purchased from Ottawa, was the backbone of the Leafs, both offensively and defensively. Twenty penalties were meted out by the officials, all but one being for minor offences. The exception was a double major to Ace Bailey for clipping Joe Simpson, American defence alternate, over the eye with his stick.

Summary—First, second and third periods, no score. Overtime, no score. The line-ups:

Rangers—Roach; Johnson, Bourgaill, Boucher, W. Cook, P. Cook.

Falcons—Dolson; Noble, McKinley, Creighton, Lewis, Cooper, McKee, Evans, Hicks.

Official—Hewitson.

Summary—First Period, no score; Second Period, 1, Detroit; Goodfellow, 15:45; Third Period, no score.

SCORELESS DRAW TORONTO, Nov. 13.—The New York Americans and Toronto Maple Leafs battled seventy minutes to a scoreless deadlock in the

Prairie Champions Chalk Up Easy Win Over Mainlanders

Run Roughshod Over Meralomas to Score 17-0 Victory in Initial Fixture of Series for Western Canada Honors—Bloomfield Stars

Second Game Scheduled Tomorrow

ATHLETIC PARK, VANCOUVER, Nov. 13.—Regina Roughriders opened the thrilling week tonight and Currie finally carried play to Vancouver Meralomas, British Columbia champions, for a 17 to 0 victory in the first contest of a best-of-three game series for the Western Canada football title. The second game is slated for Saturday afternoon, and it is doubtful that the three game series will be necessary next Monday night.

Al Ritchie's Riders, Prairie champions and Western Canada titleholders for the past four years, were on the offensive throughout, their smooth play crushing all hope that Meralomas ever had of getting within striking distance. The kicking and running of Sol Bloomfield, diminutive backfield star, played a major part in Regina's victory. Bloomfield outkicked Hutchison and Burraston, the Meraloma punters, by a wide margin, and made more gains around the ends, through the line and in the running back of kicks than the entire Vancouver team put together.

BLOOMFIELD STARS While Bloomfield appeared the standout, he was closely followed in the star position by the majority of his teammates. The punting of A. Urness, Grubb and Currie ran riot with the Meralomas line, which crumbled before the fast moving and crushing attacks that hurled its way throughout the game. Meralomas showed nothing but a lot of spirit and fight, but that failed to hold Regina's well-coached and more experienced team. Three unconverted touchdowns and two rouges accounted for Regina's total. Mitchell's inside kick opened the scoring in the first quarter when it went for a single point. In the same period, Currie went over for a touchdown, following a sustained Regina offensive, which swept all before it in a triumphant downfield march.

In the second quarter, Grubb went over for a major score after an intercepted pass and put Regina in a favorable scoring position. Bush made it 16 to 0 for the Riders when he recovered the fumble of a bounding punt behind Meralomas' ten line. Twenty-five hundred disappointed fans witnessed the game, which was played under floodlights.

FIRST PERIOD Regina took the offensive soon after the opening kick-off, when a Meraloma fumble during a scrimmage gave the Riders possession on the local twenty-yard line. Regina could do nothing, however, and Meralomas finally got a break when Regina lost possession on a fumble on the local thirty-yard line. Regina's Knifing thrusts by Bloomfield and Graskin ultimately carried play to Meralomas' five-yard line, from where an onside kick by Mitchell went for a single point.

FISH REGULATIONS CHANGE ASKED

Sportsmen Endorse Many Suggestions At Large Meeting

Imposition of Fishing Licence, Setting Aside of Certain Waters for Fly Fishing Only, Placing of Smaller Daily and Possession Limit Advocated—Resolutions to Be Handed Minister

Committee Appointed—To Meet Today

Sweeping changes in the existing sport-fishing regulations were advanced at one of the most representative meetings of sportsmen ever held in the city, last night at the Chamber of Commerce. Suggestions to impose a fishing licence; to set aside certain lakes and waters for fly fishing only; to reduce the present-day limit; to impose a possession limit and to have a guardian for sport fishing waters exclusively,

were among the many put before the meeting, and endorsed by the gathering. A committee of five was struck to whip the various recommendations into shape and which will meet this morning at 11 o'clock in the offices of Heisterman & Tait. The resolutions will be presented to Hon. E. N. Rhodes, Minister of Fisheries, when he visits Victoria next week.

Under the chairmanship of Senator G. H. Barnard, the meeting was brief, but to the point, and the various suggestions met with the unanimous approval of all those present.

OBJECTIVES EXPLAINED
In opening the meeting Senator Barnard called on Secretary Roger Monteth to explain the objectives of the gathering, which the latter did in clear fashion, outlining briefly the various matters of contention among the sporting fishermen of the island.

After hearing Mr. Monteth, Senator Barnard stressed the necessity of having the recommendations in concrete and specific form before they were presented to the Federal minister, and declared that the views of the gathering would be given every consideration as he knew Mr. Rhodes to be a keen sportsman and fisherman, greatly interested in fishing conditions in the Dominion.

Mr. Monteth declared that the Victoria and District Fish and Game Association had been advocating the appointment of a guardian to look after sport fishing waters exclusively and to study the various conditions for the planting and fostering of fish. He strongly urged that a suggestion be advanced to the Federal minister for the appointment of such an official.

LICENCE ADVOCATED
President B. L. Tait, of the Fish and Game Association, stated that body had been trying for years to have the existing fishing regulations changed, and that the committee of five to discuss the various proposals and hand them to the Federal minister. The committee follows: Chairman E. L. Tait, Frank Higgins, K.C., W. N. Lenfesty, Major Roger Monteth and H. D. Paterson.

Senator Barnard, at the request of the meeting, consented to act as an ex-officio member and to introduce the committee to the Federal Minister of Fisheries. Senator Barnard was roundly thanked for his interest in the meeting.

WATERS FOR FLY FISHING
Frank Higgins, K.C., in an interesting speech, stressed the importance of having certain waters set aside for fly fishing only. He declared that Prospect Lake, Cowichan River, Big and Little Qualicum Rivers and the Nanaimo River should be reserved for fly fishing.

He suggested that a licence fee of \$2.50 for residents and \$10 for non-residents be imposed, also that a

special warden be appointed to look after sport fishing exclusively and to study their habits and the best ways to foster them. He also recommended that fly fishing be declared that the only remedy to save Vancouver Island fish was to restrict the method of catching them.

TROLLING DOES DAMAGE
He pointed out that parent fish usually were found at the bottom of lakes or rivers where fly fishermen could do little damage, and that trolling and bait fishing were responsible for the depletion of fish in the waters of Vancouver Island.

He referred to New Zealand and cited the effects of conditions there a few years ago and now. "Before fishing was restricted to fly only in certain waters, New Zealand had nothing to offer in the way of sport fishing, but with the banning of certain streams and reserving them for fly fishing only, fish were plentiful and New Zealand can now boast of having the best sport fishing lakes and streams in the world."

Mr. Higgins declared. He also stated that good sport fishing lakes and streams were one of the country's greatest assets, and worth millions of dollars to any community, especially from a tourist standpoint.

Harold Patterson brought up the old question of the present limit on grise and salmon, which was put on about two years ago. He stated that the present limit of five per man per day or ten per boat per day was much too small and suggested that the meeting ask for a change. He also asked for a definition between a salmon and a grise.

MERGANSER DUCKS MENACE
The question of the destruction caused by merganser ducks preying on fish was brought up and it was recommended that permission be given game wardens to slaughter these birds, but it was pointed out that they were protected by a treaty between Canada and United States. Pollution of streams by commercial interests was also brought up and will be dealt with by the special committee.

Major Monteth, just before the meeting closed, declared for a limit of fifteen fish per day and thirty as a possession limit. This, he stated, would stop the wholesale slaughter of trout and would prevent the smoking and salting down of trout.

The question of how licences would affect women and children was brought up and was later referred to the committee. On motion it was decided to request Senator Barnard to name a committee of five to discuss the various proposals and hand them to the Federal minister. The committee follows:

Chairman E. L. Tait, Frank Higgins, K.C., W. N. Lenfesty, Major Roger Monteth and H. D. Paterson.

Senator Barnard, at the request of the meeting, consented to act as an ex-officio member and to introduce the committee to the Federal Minister of Fisheries. Senator Barnard was roundly thanked for his interest in the meeting.

WATERS FOR FLY FISHING
Frank Higgins, K.C., in an interesting speech, stressed the importance of having certain waters set aside for fly fishing only. He declared that Prospect Lake, Cowichan River, Big and Little Qualicum Rivers and the Nanaimo River should be reserved for fly fishing.

He suggested that a licence fee of \$2.50 for residents and \$10 for non-residents be imposed, also that a

Garrison Badminton Club Making Plans For Touring Squad

Officials Working Hard Preparing for Exhibitions by Noted English Stars at Armories—Island Team Is Chosen

Badminton at its best will be served to local enthusiasts on the afternoon and evening of Friday, November 28, on the courts of the Garrison Club at the Armories, when five of the best exponents of the game from the Old Country will give a series of exhibition matches against local and Duncan stars.

The team to oppose the visiting players as selected by the officials of the Garrison Club, under whose auspices the exhibitions will be staged, follows: Misses Helen Nicholson, Mona Miller and Florence Oakes, of the Garrison Club; Miss Anna Kier, Duncan; Drennan Hincks and Hugo Rayment, Garrison Club; and Eric Loney, T. Bassett, of Duncan.

The invading team from England will arrive in Canada tomorrow and will immediately start on their tour, playing matches at Quebec, Ottawa, Winnipeg, Moose Jaw, Calgary, Edmonton, Toronto, Kingston, Montreal, Saint John, Vancouver and Victoria.

VISITORS' PERSONNEL
Some of the greatest players in the world are included on the team's personnel, which will be made as follows, according to the latest information received here: English champion, H. F. Uber, joint holder of the all-England mixed doubles championship; N. M. White, an English international of great note.

The visitors will give their initial exhibition on the afternoon of November 28 from 4 o'clock to 6 o'clock and again in the evening from 8.30 to 10.30 o'clock.

Major J. N. Gibson, honorary secretary of the Garrison Club, announced yesterday that the following matches would be played both in the afternoon and evening: Men's singles, men's doubles (two matches), mixed doubles, partnered with two of the local women selected, and one match against two of the men players chosen.

By this arrangement, the spectators and lovers of the pastime will get a glimpse of the game as played by the world's best. Owing to the increasing popularity, the game has gained during the past twelve months, it is expected that large crowds will attend both exhibitions. The visitors' footwork, network and all-round style and execution of the various shots will be watched with great interest.

SEATING ACCOMMODATION
Special arrangements are being made for the seating capacity. Officials of the club state that accommodation will be limited, and all those wishing seats are advised to get them as soon as possible. Tickets are now on sale at Peden Brothers, Douglas Street, or may be secured from the secretary and other members of the Garrison Club.

The arrangements of the tour will be handled by the following executive of the Garrison Club: Commander L. W. Murray, president; Major J. N. Gibson, honorary secretary-treasurer; general executive, Major P. Hennessy; Major C. Chamber, lieutenant-commander; J. C. I. Edwards, Major W. Merston and Captain R. E. A. Diespecker.

SCOTTISH TO FIELD STRONG RUGBY SQUAD
Campbell Forbes to Skipper Soldiers Against Wanderers in Senior Opener

OAK BAY LADS TO MAKE SENIOR DEBUT
With weeks of strenuous training under their belts, Canadian soldiers, holders of the city and militia provincial rugby championships, have lined up a formidable fifteen for their opening game of the season, scheduled tomorrow afternoon at the Oak Bay Park, against Oak Bay Wanderers, at 3.15 o'clock.

Holding down fullback position will be Barton, a great defensive player, while Bill Oliver, Jack Horne, Pete Turgoo and Bernie Kinsman will line up on the three-quarter line. Bill Pollard and Nottingham will look after the half-back positions. Bruce Forbes, Bill Wharton, Pat Parr, Cy Bernard, Johnny Rowland, Godfrey Wenman, Campbell Forbes and Bill Porteous will form the forward line. Larry Henderson, Larry Kennedy and Robertson form the reserve power.

FORBES CAPTAIN
The squad is under the skipper-ship of Campbell Forbes, one of the city's best forwards. Forbes will be assisted by Pollard in directing play. Members of the team asked to meet at the Armories tomorrow afternoon at 2.30 o'clock.

Captain Forbes has been sending his Wanderers squad through workouts for the past month and reports them to be in fine condition for the opener. He will trot out the following with hopes of lowering the colors of the soldiers: Parfitt, Usher, Pease, Putman, Hopewell, Symonds, Haines, Roberts, King, Hicks, Hood, Douglas, De Blaquiere, Jones and Goby—a team that will be in there fighting for victory from the opening whistle.

Mrs. J. H. Richardson Wins Class "A" Medal At Colwood Golf Club
Mrs. J. H. Richardson won the Class "A" medal round at the Colwood Golf Club, yesterday, when she turned in a card of 101, which, with her handicap of 19 deducted, gave her a net 82. Mrs. Richardson, who was a first prize for first place in Class "B", the former having 120, 36, 84, and the latter 110, 28, 84.

In the hidden hole competition Mrs. Richardson carried off the prize with 34, 12, 22.

A soft-headed nail and a hard-headed man are both difficult to drive.

Senior Rugby League Will Open Tomorrow at Oak Bay
OWING to the shortage in time before Victoria's initial McQuade Cup fixture, officials of the Victoria Rugby Union stated last night that the senior league curtain would go up tomorrow afternoon at the Oak Bay Park at 3.15 o'clock, with Canadian Scottish facing Oak Bay Wanderers. The senior fixture will be preceded by the intermediate game between Canadian Scottish and Oak Bay Wanderers, which will commence at 3 o'clock.

Time is valuable in training "Rep" material, and that is the chief reason why the officials went into conference yesterday and decided that the seniors would swing into action at the Oak Bay grounds. A week from tomorrow Oak Bay Wanderers will oppose J.B.A.A. at the Royal Athletic Park, and the following Saturday Victoria's "Rep" fifteen will host a workout against a second aggregation. Victoria is scheduled to play its first cup fixture on the Mainland on December 6. At tomorrow's game a collection will be taken to help defray the expenses of the "Rep" squad.

PINNACLE CAPTURES NURSERY PLATE RACE

DERBY, England, Nov. 15.—An American-owned horse, Mrs. C. Beatty's Pinnacle, at odds of 8 to 1, today won the Osmaston Nursery Plate over seven furlongs.

Pinnacle had past the winning post three-quarters of a length ahead of T. Davidson's Mink and eleven others.

The value of the race was £400.

RIFLE SHOOTING
Nine marksmen finished in the tie for first place in the weekly shoot on the miniature range at the Armories. The riflemen used the new small bore service rifles instead of the target rifles and a great improvement resulted in the scores.

Scores follow: Lieutenant A. Bray, 25; B.S.M. J. Dulot, 25; B.S.M. A. Ridge, 25; B.S.M. J. Maxwell, 25; B.S.M. F. Williams, 25; B.Q.M.S. H. Pretwell, 25; Sergeant H. Hatcher, 25; Sergeant L. 5 Years' Ulcerated Leg Yields to Famous Remedy

A Sure Healer of all Damaged or Diseased Skin

Sufferers from leg ulcers, old wounds, poisoned sores, etc., will find in **Zam-Buk** a truly remarkable healer. Hundreds of such cases have yielded to **Zam-Buk** after defying weeks and months of ordinary treatment. **Zam-Buk** stops the awful irritation and pain, and drives out corruption and disease. **Zam-Buk** succeeds simply because its great soothing and antiseptic powers are backed by remarkable healing properties.

Zam-Buk helps Nature to build up the new tissue-cells and once diseased parts soon become strong and healthy again.

HAD TRIED ALMOST EVERYTHING

"For five years a lady working for us suffered with a terrible ulcerated leg. She had tried almost everything without getting relief. I gave her some **Zam-Buk** and in a very short time the bad matter was cleared right out. Further use of **Zam-Buk** caused the place to heal firmly with new skin. Also a neighbor, 70 years old, had inflammatory rheumatism. Doct'rs could do nothing for her, but my wife soon got her better by massaging with **Zam-Buk**. When I used **Zam-Buk** for blood-poison in my foot, it soon put me right."—Mr. E. Breita, Chaudohoro, Manitoba.

The unparalleled success of **Zam-Buk** as a healer of skin troubles lies in its original and valuable formula. **Zam-Buk** is compounded from certain extracts of herbal origin. These, scientifically blended, attain the maximum of soothing, healing and antiseptic power.

Zam-Buk is so refined that it soothes the tiny pores into underlying tissue. It kills poisonous germs, stops pain and itching, and grows new skin. **Zam-Buk** gets at the root of such troubles as eczema, rash, rheum, bad legs, ulcers, scalp disease, poisoned sores, etc. It is also a splendid remedy for piles, and a first-aid first-aid for injuries.

Zam-Buk Ointment 50c. box, **Zam-Buk Medicinal Soap** 50c. cake.

HEAVIER THAN AIR MACHINES WILL BE USED

British Planes Not Halted by Disaster to Giant Air-ship R-101

GREAT AIR ROUTES TO BE ESTABLISHED

LONDON, Nov. 13.—The tragic loss of R-101 has not halted the British Government's plans for future development of air routes with heavier-than-air machines. Early in the new year the first stage of the great airway across Africa to Capetown will be opened, and giant new machines, carrying forty passengers, multiple-engined for safety, will be put in operation.

Various stages will be included in the routes. The first two stages, from England to the Mediterranean and from the Mediterranean to Capetown, are to be used both for the African airway and the Indian route, the latter having been in operation for some time. At Cairo, the junction point, one great route branches southward for the long trip down the "Dark Continent," the other reaches eastward to the Indian Empire.

Armistice Period-Red Cross Fund

Members of the public, on whom no canvasser has called, who wish to contribute to the above fund, are requested to fill out and return this form.

Amount

Name

Address

From London to the Mediterranean across Europe, the new Handley-Page forty-seater, with four engines, will be used. The Mediterranean port has not been decided on. At present it is Salonika, but it is believed the Air Ministry has been successful in obtaining permission to use an Italian port.

In any event, the cross-Mediterranean flight to Cairo will be made in a new type of Calcutta machine, with four engines abreast. A new air station is being prepared for land and sea planes a few miles from Alexandria. For the Indian route, Cairo to Karachi, the Handley-Page thirty-eight passenger machine, furnished to give every comfort in a hot climate, is being used. For the Cairo-Capetown route the Argosy, Calcutta and De Havilland machines, all triple-engined, will be used in three stages. The first is Cairo to Khartum, the second Khartum to Kisumu in Kenya, and the third from Kisumu to Capetown.

The traveler from London to Capetown will thus experience the comforts of five different craft on five big stages of the journey. By sea the journey from London to Capetown takes seventeen days. At the commencement of the air service, the journey will take eleven days, but eventually it is hoped to put a nine-day schedule into effect. The fare for the entire journey, just over 6,000 miles, will be about \$625. This will include hotel expenses and everything necessary. The longest continuous flight will be eight hours, and the schedule will be arranged so that the passenger will practically always be able to eat breakfast and luncheon on the ground.

Within the near future the two great air routes are to be completed—London to Australia and London to Capetown, with Cairo as the junction point.

Too bad you must go through another siege of sneezing and coughing, fever and sore throat! This time, depend on Owbridge's, and continue to take it until all signs of cough and cold have disappeared.

After your cold has vanished, an extra bottle or two of Owbridge's will make you less susceptible to "another cold".

for COUGHS and COLDS

WHEN WINTER SWEEPS DOWN FROM THE NORTH

Extra demands of cold-weather driving emphasize the reliability of the new Ford

THROUGHOUT this country—in the United States and in Europe—the new Ford has made an unusual record for endurance and reliability. Cold weather emphasizes the value of its simplicity of design and dependable performance.

The 1930 Automobile Winter Race, arranged by the Royal Automobile Club of Sweden, resulted in a sweeping victory for the Ford cars. This run was made over slippery mountainous roads. At times, the cars were half hidden by snow. During the night the temperature was twenty degrees below zero.

At Fernan Lake, just over the border in Idaho, a Ford car went through the ice and was submerged in fifteen feet of water. It was finally raised after twelve days and found to be in good condition. After a new battery and carburetor bowl were installed it was driven away under its own power. Even the exterior finish showed no serious harm.

Here in Canada there have been countless examples of the way the Ford stands up under the added strain of winter driving.

Through swirling sleet and drifting snow it has fought its way on missions of business and of urgent need. Lives have been saved by its ability to "get through." Materials have been moved with greater speed and with less interruption for a longer period each year. Thousands of Ford owners have found that it is no longer necessary to lay up the car when winter sweeps down from the north.

Because of its good performance in all weather, the new Ford is outselling every other car in Canada by a large and increasing margin. In many sections, between 50% and 70% of all cars sold are Model A Fords.

THE NEW FORD TUDOR SEDAN

Winter-time Features of the New Ford

STARTING—The Ford starts easily in cold weather. The heavy duty starting motor is unusually reliable, exerting a torque of 15 pounds. Its extra power equips it to meet the added strain of zero temperatures.

RELIABILITY—All working parts in the Ford that might be affected by snow or water are fully enclosed. This includes the engine, transmission, clutch, propeller shaft, and all rear-end parts.

SAFETY—The brakes on the new Ford are also enclosed to insure reliable performance. Combined with the balance of the car and the low center of gravity, they lessen the dangers of skidding on slippery roads. The liberal road clearance enables the car to negotiate deeply rutted roads impassable to many cars. Other safety features are the shatterless glass windshield which reduces the dangers of flying glass in collisions and the sturdy steel construction of the car.

IGNITION—The Ford distributor is waterproof and there are no wires from the distributor to the spark plugs. These connections are made by thin bronze strips which will not short-circuit or cause trouble in cold, wet weather.

CARBURETOR—The choke on the dash of the new Ford is a convenient carburetor adjustment control. It enables you to adjust the mixture for different temperatures and different road conditions. The hot-spot manifold warms incoming gases quickly by using heat from the exhaust.

FUEL SYSTEM—Here again you see the value of Ford simplicity of design. The fuel line is only 18 inches long. There is no pump or vacuum tank to condense moisture and freeze.

LUBRICATION—The Ford lubrication system is designed to work efficiently at all temperatures. All oil passages are ample in size. There are no small pipes through which congealed oil must be forced. Just select the right kind of oil, have it changed regularly, and you will have no lubrication troubles with a Ford.

FINISH—All Ford cars are finished in pyroxilin lacquer—the finest and most enduring finish for automobile bodies. It is not affected by cold or heat and will retain its original shimmering luster for a long period. A further assurance of permanent beauty is the Rustless Steel on the new Ford. It is used for the radiator shell, head lamps, hub caps and other bright exterior metal parts.

Week Here

HELPERS ARE THANKED

Winners in the essay competition, staged in conjunction with Fire Prevention Week, were announced yesterday. Some 2,566 essays were submitted, the largest number ever turned in. The papers were splendidly conceived and written. From Saanich schools alone 403 papers were submitted.

The judges of the competition were Donald Fraser, editor of The School Magazine, and P. F. Watt, secretary of the Victoria and District Fire Insurance Agents' Association.

At the wind-up meeting of the committee in charge of Fire Prevention Week a resolution was passed thanking the members of the Junior Chamber of Commerce for their help. Thanks were also tendered to Fred Landsberg, Hudson's Bay Company, J. A. Thomas, provincial fire marshal, and to The Colonist and The Times for their assistance.

The complete list of prize winners in the essay competition follows:

HIGH SCHOOLS

Boys—T. Davis, Oak Bay; Rod-erick Groves, Esquimalt.

Girls—Kathleen Burt, St. Ann's; Hazel Wright, St. Margaret's.

PUBLIC SCHOOLS

Section 1—Rai Perry, George Jay; Carol Boyer, Margaret Jenkins; Robert O'Neill, George Jay.

Section 2—Lorna Elliott, Oak-land; Douglas Gent, Oaklands; Grace Allen, Victoria West.

Section 3—Janet Lambie, Sir J. Douglas; Jack Stokes, Sir J. Douglas; Mary Smyth, Sir J. Douglas.

Section 4—Ray Ockenden, South Park; Joyce Robinson, Quadra; Hilda Ford, Burnside.

Section 5—Shagato Kuwabara, North Ward; G. McCall, Boys' Cen- tral; Roberta Queale, North Ward.

BRINGS ADVICE TO LIFE UNDERWRITERS

John T. McKay, of Vancouver, Ad- dresses Local Association at Luncheon Meeting

John T. McKay, provincial man- ager of the Dominion Life Assurance Company, with headquarters in Vancouver, was the guest of the local Life Underwriters' Association at luncheon yesterday at noon. Mr. McKay, formerly a resident of this city, is a life member of the local organization. He made the trip to Victoria to address the members on the fourth international convention of life underwriters, which was held in Toronto.

After expressing the pleasure it gave him to do so and his appreciation at election as an honorary member, Mr. McKay proceeded to describe the impressions which he had received when attending the convention. He urged the members of the profession to attend these conventions if it was at all possible to do so. The inspiration to be derived was of the greatest value. There were more than 2,000 regis- tered at the Toronto convention and the average attendance at the meetings was more than 1,700.

NEED OF SYSTEM

The importance of getting the fullest information upon the tech- nical work of the profession was great, according to the opinions which prevailed generally among the members attending the con- vention. There was also the pos- sibility of spending too much time on office work. There was the neces- sity of adopting a regular system of

meeting the public and soliciting business.

Another lesson he learned was the importance of understanding busi- ness. The underwriter of the future he felt would be a professional busi- ness man. Systematic work was necessary and the success achieved by some of the greatest men in the business was attained by disciplin- ing themselves.

There had been more insurance written within the past ten years than in the eighty-seven years pre- ceding that time, he declared.

A vote of thanks was accorded Mr. McKay for his address. F. Lewin, president of the association, presided.

Youths Given Prison Sentences and Lashes

EDMONTON, Nov. 13.—Two youths were sentenced to eighteen months with ten strokes of the lash each for hold-ups and a third re- ceived a three-year jail term for burglary, as Edmonton continued its war on crime today.

Prison and lash were imposed upon Robert Atkinson and Stanley Biliou for holding up a street car motorman on November 5 and robbing him of cash and tickets, while Leslie Nixon, who walked into the police station recently and admitted breaking into five houses, received the straight penitentiary term. The cases were tried in police court.

HEADS HEALTH COMMITTEE

NEW YORK, Nov. 13.—Dr. C. M. Hinks, Toronto, will succeed Dr. Frankwood E. Williams as general director of the national committee for mental hygiene, it was an- nounced today. Dr. Hinks is found- ing of the Canadian national commit- tee for mental hygiene.

AYLMER Soups

*"You're right - it has the
real Canadian Tomato Flavor"*

TASTE AYLME Tomato Soup. Note its fresh, zest- ful flavor. This finer natural flavor comes directly from the red-ripe, fuller-flavored Canadian-grown Tomatoes—the world's finest. The "AYLMER" process of canning retains this superior Canadian flavor and all the healthful vitamins. There's a different "AYLMER" Soup for every day in the week. Serve these all-Canadian soups often.

Always ask for AYLME:

Vegetables	Fruits	Soups
Asparagus	Apples	Tomato
Beans	Apple Sauce	Vegetable
Beets	Apricots	Green Pea
Carrots	Cherries	Celery
Corn	Grape Fruit	Chicken with Rice
	Pears	
	Strawberries	

Also Jams, Jellies, Catsup, Chili Sauce and Beans with Pork

*"Better
Because
Canadian"*

Feel Fine!

IT'S a grand and glorious feeling to bounce out of bed ready for a good day's work, to do your job well, to feel friends with the world all day, and to have pep enough left over by night to enjoy your play! You can do it!

If you asked your doctor what you ought to do to feel this way, one of the first things he would tell you is: clean the bodily poisons out of your system regularly. That's half the battle. He would not advise you to do this with powerful drugs. No. He would recom- mend some simple, natural way—such as Nujol.

Crystal clear Nujol is not a medicine. It contains no drugs. It cannot hurt even a little baby. It is simply internal lubrication which your body needs like any other intricate machine.

Get a bottle today. Millions of other people have found Nujol makes all the difference between success and failure. Give yourself a chance to enjoy life!

Burgess Bedtime Stories

Jack Frost Does His Part

By THORNTON W. BURGESS

The thrifty always look ahead; The thrifless play about instead.

—Old Mother Nature—

Jack Frost had arrived. There was no doubt about it. He had stolen down from the Far North in

After a While Buster Bear Had Enough and Went and Lay Down for a Nap

the night. He had been very busy. He had visited all the nut trees. He had pinched the husks of many of the ripe nuts and opened them, so that the little brown nuts were showing, even if they did not fall. He had covered the ground with white hoarfrost that looked almost like a light snow. Yes, indeed, Jack Frost had been busy.

Impy the black chipmunk was up even before jolly, round, bright Mr. Sun. Little Mrs. Impy was up with him. The minute it was light enough they raced for the nut trees in the Green Forest. But, early as they were, others were before them. "Wood! Wood!" said a voice. That was Buster Bear.

"Chir-r-r-r!" rang out another voice in response. It was a sharp, angry voice.

Impy grinned. He knew that that was his cousin, Chatterer the Red Squirrel. There was a sudden stamp of small, dainty feet. Lightfoot the Deer was there, for Lightfoot has a liking for beechnuts. And there were others still. Drummer the Grouse and Mrs. Grouse were there. Happy Jack the Grey Squirrel and Rusty the Fox Squirrel were there. Striped Chipmunk arrived just about the time that Impy and Mrs. Impy did. Even little Whitefoot the Wood Mouse was there, al- though no one knew it, for White- foot took care that none should see him.

Now, in spite of Chatterer's scold- ing, and in spite of the fact that Buster Bear now and then emitted a grumbly-rumbly growl, there really was very little quarrelling over the nut supply. Each was too busy harvesting his or her share. Buster Bear and Lightfoot the Deer and Mr. and Mrs. Grouse stowed them away in their stomachs. Any- way the first two did and Mr. and Mrs. Grouse packed them in their crops. The Squirrel family didn't stop to eat. Happy Jack, Rusty and Chatterer hid them away as fast as they could in various places near by. Striped Chipmunk and Impy and little Mrs. Impy took the nuts home. Yes, sir, they took the nuts home. You see, of all those nut lovers, they were the only ones provided with pockets. They had pockets in their cheeks.

How they did stuff those pockets! Had you met Striped Chipmunk or Impy or Mrs. Impy on their way home, you certainly would have thought that they had the mumps. If you had spoken to them, they wouldn't have said a word in reply. They couldn't have. Their cheeks were so swelled out with the nuts they were carrying that they couldn't use their tongues for talk- ing.

My goodness, how they did work! Back and forth, back and forth they raced. It seemed as if their little legs must ache. Perhaps they did. It made no difference. This was harvest time and those nuts were to be harvested, and stored away. There would be plenty of time to rest later.

After a while Buster Bear had enough and went away and lay

down for a nap. Long before this Lightfoot the Deer and Mr. and Mrs. Grouse had eaten all they could and had gone away. Chatterer, Rusty, Happy Jack and the Chipmunks kept on working. As long as there was light enough for it to be safe, they worked harvest- ing those nuts. When at last Mr. and Mrs. Impy made their last trip and emptied their pockets in one of the storerooms, they found it was all they could do to get all those nuts in there.

"I guess we won't go hungry this winter," said Impy.

"We'll make another storeroom, if necessary," was all that Mrs. Impy replied.

The next story: "Impy Spills a Load of Nuts."

SIX ARE INJURED IN CLASH WITH POLICE

NEW YORK, Nov. 13.—More than a thousand Communist sym- pathizers battled with police today in a demonstration in front of a cafe- teria in West 34th Street, which has been the scene of labor troubles in recent weeks.

Half a dozen persons were in- jured, and between thirty and forty were arrested.

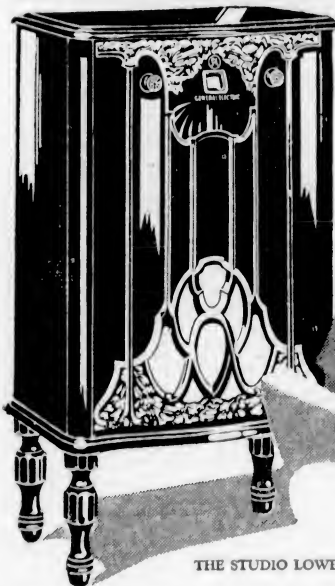

Paraders had marched into the street and somebody threw a brick through the restaurant window.

Disorder broke out and two police emergency squads were summoned to cope with the crowds.

WREATHS AT CENOTAPH TO BE MOVED MONDAY

Wreaths will be left on the Ceno- taph until Monday, when they will be taken to the soldiers' plots in Ross Bay Cemetery and Royal Oak Burial Park. They are being left where they are until after the week- end so that citizens may have an opportunity of seeing Victoria's splendid tribute to the fallen.

*Now..Everyone can own
a General Electric Radio!*

THE STUDIO LOWBOY

*New Studio Lowboy
offered at only \$185*

COMPLETE WITH C.G.E. RADIOTRONS

In response to the demand for a compact but efficient radio set, General Electric now presents the Studio Lowboy.

This modern receiving set is equipped with tuned radio frequency circuits and uses seven tubes... four of which are Screen-Grid. Here is a high degree of sensitivity and selectivity over the entire tuning range. In actual tests, the new General Electric Studio Lowboy has proved the equal of far more expensive sets. It is exceptionally

powerful and will bring in dis- tant stations clearly and with volume. Its rich natural tone is vividly true to the original.

Back of the General Electric Radio is an investment of twenty million dollars in radio research and development. Once you see the beautiful Studio Lowboy and listen to its masterful repro- duction, you will realize that here is where luxury performance meets economy in price. The nearest dealer will arrange terms to suit your convenience.

WHEAT MARKET TURNS FIRMER;

**STRENGTH AT LIVERPOOL AND
FAIR EXPORT DEMAND HAVE
FAVORABLE EFFECT**

**ADVANCES ARE MADE
FOR ALL DELIVERIES**

WINNIPEG, Nov. 13. — When

Pearly heavy trading prevailed on the market, and closing figures were 5-8 to 1 cent above yesterday.

Corn of 5-8 cents was made by the November and May futures. July shot up 1 cent and December gained 5-8 cent. Coarse grains failed to show any activity, but cash wheat showed firm demand and followed the future with advances of 1-cent.

Firmness at Liverpool and fair export demand also had a strengthening effect here.

Price of Copper

NEW YORK, Nov. 13. — Copper consumers today advanced their bids for the metal to levels above the domestic level established yesterday, after the metal had sold for one week at 9½. The bidding by consumers first was at 10½ cents, and later was at 11½ cents.

TORONTO, Nov. 13.—With only a minor interruption in the afternoon the coppers advanced steadily on the Toronto Stock Exchange today to give a firmer tone to the entire list.

Profit-taking at the beginning of the final hour brought fractional declines in the afternoon. Noranda slipped from their highs, but they were quickly and were firm at the end.

total assets are given as \$9,330. Principal liabilities consist of total stock issued, \$2,250,000; surplus, \$960,207; and reserves, \$368,036. The report of mine manager, J. H. Greaves, states that the company has a total of 163,253 tons of ore in place, a total of \$1,346,000, representing an increase of about \$309,000 in the previous year.

JOHNSTON & COMPANY
Independent Agents 1314 Bland Street

LONDON, Nov. 13.—American Petroleum Corp. has secured a non-exclusive agreement for the sale of fuel oil in the United Kingdom. The company first was a few per cent, and later in the day they raised their bids another 10 per cent, to 20 per cent, this afternoon. The trade reported that little or no metal could be obtained from consumers at the increasing price.

The final hour brought fractional recession in Nickel and Noranda. Nickel closed, but they steadied. Noranda closed with a gain. Quickly and well was done. Nickel closed with a net gain of 3-4 of a point and Noranda with a gain of 1-2 of a point. Nickel touched 20. Consolidated Smelters and Refining Co. closed with a gain of 1-2 of a point. It was speculatively to register an advance of more than 9 points at 140. Oil gained the advance, but the price was conservative in movements. Imperial and International Petroleum

total of \$1,340,000, or \$2.50 value, or 10¢ per share, was paid. The increase of about \$300,000 the previous year.

For the week ending November 11, Silversmith Mines, Limited paid thirty-four tons to the smelter.

Home Oil Advances 10c; Big Missouri 6, and Mayland Oil 4

MOST OILS SHOW GAIN

VANCOUVER, Nov. 13.—Prices firmed slightly in lighter trading on the Vancouver Stock Exchange today. Home Oil led its section of the list with an advance of 10 cents to 2.25, while Big Missouri led the mines with a gain of 6 cents to 43. Big Missouri was the only mining issue to show any change worthy of note. Oils, however, generally participated in the mild advance. East Crest was up 5 cents to 75, while Mayland gained 4 cents to 85. Gains ranging between 1 and 3 cents were recorded by A. P. Consolidated, Calmont, C. and E. Corporation and Dalhousie.

CONSOLIDATED JUMPS UPWARD BY TEN POINTS

Favorable Turn in Copper Prices Is Reflected on Montreal Exchange

ALL LEADING STOCKS HOLD GAINS TO CLOSE

(Branson, Brown & Co., Ltd.)

MONTREAL, Nov. 13.—This was another constructive day for Canadian stocks. The base metals were again favorably influenced by fresh developments in the copper situation, with as high as 11 cents bid for the metal and with offerings very light. International Nickel did extremely well in getting up to 26 and Noranda in advancing to 19, but it rested with the high-priced feature, Cons. Smelters, to furnish the fireworks with a 10-point jump to 140. This was entirely due to the more favorable turn in the base metal situation.

The whole Canadian list did very well and the good stocks met increased volume of demand. Buyers for the first time were showing an aggressive interest and trading turnover was about 50 per cent greater than yesterday. Stocks were taken in larger blocks, indicating that the buying which recently has been largely traceable to the small investor, has become much more general.

Dominion Bridge around 55 appeared to be well entrenched, and the rallies in Montreal Power and Shawinigan, although conservative, were, nevertheless, bright spots of the session. Imperial Oil continues to meet what looks like the best kind of buying, and while it moved narrowly it has been gaining ground as well as prestige in the past few weeks.

In other directions stocks held extremely well, but it was by no means a run-away market. The most significant feature of the session was the manner in which the leaders closed either well up to or right at the day's high price level.

If the copper incident is a precursor to meet what looks like the commodity markets as a whole, economists and other Street observers would quickly become ready to admit that the bottom of the present liquidating area has been reached. With this point definitely ascertained, it does not take much stretching of the imagination to see how the professional and public

market elements will begin discounting the inception of the upward curve in prices, business activity and international prosperity. Total sales 33,523.

DOW JONES' SUMMARY

Royal Dutch Petroleum Company has declared usual interim dividend of 10 per cent.
Copper Exporters Inc., of London, has advanced copper one-half cent a pound to \$10.30, c.i.f. Hamburg, Havre and London.
Bank of England made no change in discount rate of 3 per cent.

Crown-Willamette Paper Company declared regular quarterly dividend of \$1.75 on first preferred and \$1.50 on second preferred, both payable January 1, record December 13.

Douglas Aircraft Company sales for 10 months of fiscal year to September 30 were \$1,254,334 against \$1,805,741 in 1929 period.

California citrus crops returned a record yield of 1,355,369,352, up \$16,000,000 over 1929, says California Fruit Growers' Exchange.

Shell Transport & Trading Company, Limited, declared an interim dividend of 10 per cent on common tax free. Similar dividend was declared in 1929.

Bank of England statement as of November 13 shows circulation of £355,380,000 against £356,436,000 on November 6, ratio 98.5 per cent against 99.15 per cent, and bullion £160,080,000 against £161,542,000.

ANACONDA PRODUCTS NOW MADE IN CANADA

Copper and Copper Alloy Turned out in Great Variety of Forms at Plant in New Toronto

Putting the products of Canadian metal mines in shape for the manufacturer is the daily task of 500 men at the new Toronto plant of Anaconda American Brass Company.

Here copper cakes are heated and rolled out into sheets. Mixed in a furnace with other metals a great variety of products are prepared for the metal worker. The sheet products range from copper for roofing to nickel silver for the cutlery manufacturer.

In another department the mixtures of metals of the various furnaces are poured into cylindrical molds. The billets thus formed are trimmed by a saw that cuts them like so much cheese. They are then heated and put in a powerful press from which the metal can be extruded through a die.

The product has any desired shape, from round rods to intricate designs used in ornamental work.

To make smaller rods or wire, the rods are passed through a series of machines which draw them out. Most rods and bars are thus reduced in diameter either at this mill or by the manufacturer. A considerable amount of material, however, is in shapes which will be retained in service.

The new Toronto plant draws its metal supply from several sources. The chief items are copper, zinc, lead and nickel. Other metals are also used in smaller amounts. The zinc and lead comes chiefly from Trail. The nickel comes from the Port Colborne refinery. Now that there is a copper refinery in Ontario, supplies of the red metal are also purchased here.

Montagu Norman To Continue as Bank's Governor

LONDON, Nov. 13.—Montagu Norman, governor of the Bank of England, will continue in that position for another year if the recommendation of the directors is accepted by the proprietors of the institution. The directors also recommended that Sir Ernest Harvey continue as deputy governor.

CALGARY OIL NEWS

(Miller, Court & Co.)
CALGARY, Nov. 13.—Replying to rumors that the company is near a dividend paying basis, J. H. Goodwin, managing director of the Canadian Dominion, stated yesterday that directors had taken no definite steps in this direction. If, however, British Dominion No. 3 proves a fair producer from the McDougall Segura sands, which it is nearing, it may be considered. The No. 3 well was drilling at 3,710 feet and was expected to be in the sands in a week or so.

The company's No. 2, well in the central producing zone of Turner Valley, has been yielding steadily for several months and in October produced 2,530 barrels from the Madison lime.

Signal Hill officials are arranging to send a control head and facilities for coping with gas to their Moose Mountain wildcat, which is thought to be nearing the Dalhousie sands. Inclement weather may delay transportation of the equipment, but meantime the crew is drilling cautiously.

Abandonment of negotiations between Prairie Oil and Sinclair Consolidated Oil, as indicated in advices from New York, is of interest in view of the project of the former company in Southern Alberta oil fields. Through a subsidiary, Parco Oil Company, Limited, the major company is conducting core drilling tests to shallow depths in wildcat territory in the border area. It is planned to locate a deep test with production the objective some time next spring.

Well No. 5 "A" of the Advance Oil Company delivered 3,339 barrels to the Imperial refinery in October, as compared with 2,438 in September.

October deliveries for A.P. Consolidated from Turner Valley wells were 1,424 barrels. Associated October deliveries were 3,063, as compared with 2,855 in September.

Dalhousie Oil deliveries in October were 4,647 barrels, as compared to 4,433 in September.

October deliveries for Freehold Corporation were 2,568 barrels, as compared with 3,264 in September.

Savings Deposits In Canadian Banks Make Big Increase

A SHARPLY downward trend in Canadian savings deposits, in progress since the beginning of 1929, was checked in August when a small increase of \$2,090,000 was recorded. The September statement of the chartered banks, which was issued during the current week, shows a further increase, and a substantial one, of \$15,523,000.

When allowance is made for the subnormal level of employment during August and September and the prevailing low prices for farm products, these increases in savings deposits are quite remarkable and, from the standpoint of the investment markets, constitute one of the most encouraging developments in some time.

Greenhalghs Weekly Review comments on this as follows: It is too early to say whether this rising tendency in savings deposits over two successive months marks a definite termination to a long downward movement. The interruption to the decline may possibly prove temporary, but it would seem to be more probable that, with the increases coming under the unfavorable conditions prevailing during that period, a new upward movement in this important barometer of Canadian conditions is getting under way.

In the somewhat comparable situation of the 1921 business depression, savings deposits declined, and declined quite sharply, month by month, from June into November. Increases in savings at this time seem to imply that, if revenue has been sharply curtailed, the Canadian population as a whole has got its expenditures in hand and is living well within its income.

Sherwood Creameries Has Been Bought by Associated Dairies

VANCOUVER, Nov. 13.—Sherwood Creameries, Limited, almost the only important dairy firm in the city that did not join the new Associated Dairies in which the local milk distribution business is being consolidated, has been purchased by the merger.

Announcement to this effect was made today by E. G. Sherwood, head of the firm.

The Associated Dairies was formed by the Pacific Valley and other leading distributors with a view to eliminating duplication and overlapping of delivery service in the city.

Big Coal Merger

CHARLESTON, W. Va., Nov. 13.—A \$10,000,000 merger of more than 100,000 acres of coal properties in North and West Virginia was announced here today with the filing of an application for a charter for the Three Coal Companies Corporation which has headquarters in Fairmont.

ALTERNATIVE OFFERED BY BANKERS TO POOL

Repayment of Advances Made on 1929 Crop Is Under Discussion

WINNIPEG, Man., Nov. 13.—Plans of the Manitoba Wheat Pool for a repayment scheme to make up losses in the 1929 crop, guaranteed by the Provincial Government, are reported not acceptable to the lending banks.

Repayment was to be spread over a term of years with no instalment in 1930. The banks were to carry the account backed by the present Government guarantee until the losses were paid. This feature, it is reported, is unsatisfactory to the banks.

The suggested alternative, it is understood, is for the Western Governments to float a loan and pay off the losses to the banks and accept securities of their respective pools.

PREMIERS CONFERENCE

Heads of the three Prairie Governments were in conference here today discussing recent developments in the grain marketing situation as affecting the three Western provinces.

Since the Edmonton conference, when the Premiers gave full details that the lending banks of the wheat pool had asked for an implemmenting of the Government's guarantee for pool liabilities, Manitoba Wheat Pool delegates, in session here, gave approval to a delayed payment plan for reimbursing the banks. Premier John Bracken gave approval to the plan.

NEW YORK SUGAR

NEW YORK, Nov. 13.—Raw sugar was quiet early today and with no sales. Refining prices were unchanged at 3.45 for spots duty paid.

Refined was unchanged with refiners listing at 4.75 and second hands available at 4.50 to 4.55. Withdrawals were fair but no more than usual for this time of the year, while there was little new buying reported.

Official Estimate of Grain Crop Yields Is Published at Ottawa

(Branson, Brown & Co., Ltd.)
OTTAWA, Nov. 13.—The total yields for Canada of the principal grain crops are estimated provisionally in bushels as follows, with last year's figures in parentheses: Fall wheat, 19,441,000 vs. 20,504,000; spring wheat, 376,413,000 vs. 284,016,000; all wheat, 395,854,000 vs. 304,520,000; oats, 429,156,000 vs. 282,838,000; barley, 137,963,000 vs. 102,313,000; fall rye, 16,668,000 vs. 9,775,000; spring rye, 5,618,500 vs. 3,365,500; all rye, 22,286,500 vs. 13,140,500.

Grain yields for the three Prairie Provinces: The provincial estimate of the yields for the five principal grains is in bushels, as follows: Wheat, 374,000,000 vs. 281,664,000; oats, 260,000,000 vs. 141,620,000; barley, 112,500,000 vs. 79,787,000; rye, 21,040,000 vs. 11,982,000.

By provinces the yields are as follows: Manitoba, wheat, 46,500,000 vs. 28,565,000; oats, 53,000,000 vs. 30,740,000; barley, 51,500,000 vs. 51,800,000; rye, 2,189,000 vs. 1,308,000.

Saskatchewan, wheat, 196,500,000 vs. 160,565,000; oats, 128,500,000 vs. 94,400,000; barley, 41,500,000 vs. 30,755,000; rye, 15,159,000 vs. 8,301,000.

Alberta, wheat, 131,000,000 vs. 125,334,000; oats, 78,500,000 vs. 41,836,000; barley, 19,500,000 vs. 12,514,000; rye, 3,722,000 vs. 373,000.

The report adds: "Of the total wheat crop of 374,000,000 bushels in the West probably 45,000,000 to 50,000,000 bushels are not yet threshed, and it is evident that unusual amounts will not be marketed as grain. Although the prices of wheat in the straight grades are relatively higher than coarse grains, many fields of low yields or of deteriorated quality will be left for winter feed, and some threshed wheat that has been badly weathered will be mixed with other grain for feeding. An effort will be made by the bureau later in the season to secure data on the amount of wheat fed to live stock this year of very low grain prices."

Just a Friendly Tip - -

Remember last year several friends sent you GREETING CARDS that you had failed to provide a like attentiveness for? Don't let it happen this year. See our selection ready to convey your personalized message at a trifling cost.

Victoria to Campbell River, or Victoria, via Seattle, San Francisco or Los Angeles to New York

Sounds like a "tall order." But conviction follows an inquiring ring at E 1177 or E 1178.

This proves both the extraordinary popularity and magnitude of operation bus travel has attained.

Today everyone rides the big safety coaches. And they like it. For, from time immemorial, "The King's Highway" has offered fascination, mystery and romance. A wayside house, a certain twisted tree, a famous hill, "what's round the corner?" Each has its story.

Then the material side—Safety, Convenience, Comfort, Economy. So you see it is easily explained.

We Operate on the Following Routes:

Victoria-West Saanich
Victoria-Sidney-Resthaven
Victoria - Cordova and Cadboro
Bay
Victoria - Colwood - Langford
Lake

Victoria-Happy Valley-Metchosin
Victoria - Ladysmith
Nanaimo
Victoria-Sooke-Jordan River
Duncan-Cowichan Lake
The Chalet, Deep Cove

Nanaimo - Courtenay - Cumberland
Nanaimo-Alberni-Port Alberni
Courtenay-Campbell River
Port Alberni-Great Central and Sproat Lakes

COURT OF REVISION

**ON THE MUNICIPAL VOTERS' LIST OF
THE CITY OF VICTORIA FOR THE
YEARS 1929-1930**

The Court of Revision on the Municipal
Voters' List of the City of Victoria for
the years 1929-1930 will sit in the Council
Chamber, City Hall, Douglas Street, on
THURSDAY, the TWENTY-THIRD, at
NOVEMBER, 1930, at HALF PAST TEN
o'clock A.M.

M. P. HURTER,
Clerk of the Municipal Council,
City Hall, Victoria, B.C., Nov. 7, 1930.

"How's business?" said the cheery
city man to his friend.

"Fair," returned the other.

"Do you know, Tom, I'm going to
employ a man to do my worrying for
me."

"That's a sound scheme," Tom
replied. "But how much are you
thinking of paying him?"

"Five thousand a year," was the
answer.

Tom burst into a roar of laughter.

"I'd like to know where you're
going to get the \$5,000 a year to pay
this man of yours?" he inquired.

"That's his first worry."

Vancouver Island

Wreaths Are Placed
On Memorial Beacon
At Mountain Summit

DUNCAN, Nov. 13.—In an effort
to keep alive the best tradition of
their elders and out of gratitude to
those who laid down their lives in
the Great War twenty Scouts of the
Duncan and Quamichan troops,
under the leadership of Scouters A.
Bischlager and E. M. Dopping-Her-
ental, climbed Mount Prevost on
Thanksgiving Day and laid wreaths
on the flashing beacon memorial.
The party then adjourned to the
shelter of overhanging rocks and
lighted fires to boil water for tea
and coffee. The descent was made
in a more leisurely manner, and the
base of the mountain was reached
at 4 o'clock. Captain and Mrs. J. D.
Groves, who had a large share in
the movement which led to the
erection of the memorial, accom-
panied the party and carried up the
wreaths and lunch kits in their car
to the half-way point.

Amateurs Give Play
At Port Alberni to
Aid Community Hall

PORT ALBERNI, Nov. 13.—"Aunt
Lucia," a hilarious production which
is a modernized college version of
"Charley's Aunt," was presented at
the Eagle Hall on Wednesday eve-
ning. The entertainment, which was
in aid of the Community Hall, was
largely attended, and the inter-
esting programme was much en-
joyed. The cast, which consisted of
local talent, was headed by George
Harris, who was at outstanding in
the difficult role of "Aunt Lucia." Stan-
ley Wakeman, taking the part of
Professor Gyadid, portrayed the
character in an excellent manner.
While Mrs. Doris Bird, representing
Dean Howard, cleverly acted the
role. Others taking part were Fred
Patton, Kevin Robinson, Eileen
Moore, Mrs. J. C. MacPhee, Mrs.
Percy Stone, Dr. Seamore, Eric
Dunn, Mrs. Seamore, Miss Edwards,
Fred Bacon, Fred Street, Jack Har-
ris, Clarence Thomas, Murdo Mc-
Kenzie, Arthur Walker, and Art La-
Blanc. The Aunt Lucia club con-
sisted of Art Walker, H. Walker,
P. Stone, H. Patterson, S. W. Walker,
G. Stocker, A. C. MacPhee, A. Ham-
brook, Jack Green, Lawrence Miles,
George Bellamy, A. Holcombe, Pete
Ramsey, Ronald Hansen, Bud Wal-
ker, Oil Robinson and Leslie Ross.

The Egg Market Review

The Egg Market Review, published by
the Dominion Department of Agri-
culture, under date of November
12, says:

In all provinces, with the excep-
tion of British Columbia, fresh egg
production continues to decline, and
with the scarcity of fresh supplies,
prices of this class of eggs again
worked higher during the past week.

Production of eggs is now perhaps
at the lowest point for the season,
and a gradual increase may be
looked for from now on, as the early
hatched pullets commence to lay. It
is quite probable, however, that it
will be some time before this in-
crease will be felt, and, in the mean-
time, prices may advance further
before the heavier production forces
values down.

In years gone by the season of
shortest egg supply used to come
much later in the year than at present.
Increased sale of hatchery
chicks, with consequent earlier pro-
duction over the country as a whole,
has changed this condition, and in
recent years the most acute scarcity
has been coming comparatively early
in the winter.

At the present time British Col-
umbia is the only province with any
surplus of fresh eggs over its own
requirements. In other provinces,
as a matter of fact, fresh egg pro-
duction is almost negligible, with
the exception of those produced on
commercial poultry farms. In con-
sequence of this condition, British
Columbia is finding a ready outlet
for all its surplus supplies. Prices
from the Coast have advanced
steadily, and, for the time being, are
limited only by the purchasing
power of the cities to which they
are sent.

A car of British Columbia fresh
eggs was reported sold to the Toron-
to market at: Extras 56, firsts 52,
pullets extras, 47, delivered. Mont-
real, however, paid 58 for extras and
47 for pullet extras about the middle
of the week, and later, a car was
reported sold at 57 for extras and 50
for pullet extras, delivered. This
gives some indication of the trend
of fresh egg values, and incidentally
is about the only real guide of fresh
egg values at the present time. The
Prairies have been paying 40 f.o.b.
for pullet extras from the Coast, but
reports from Winnipeg state that
advances on this price were expected
at any time.

Held fresh eggs, kept over for
varying periods at temperatures be-
low the storage level, are still offer-
ing on some markets at prices
several cents below real fresh, but
they are difficult to move. They
come into competition with storage
eggs, and dealers prefer the latter
class, as they can be bought at more
attractive prices.

The movement of storage eggs
into consumption is increasing al-
most daily and now commands the

Pupils Bring Gifts
For Children's Home

JAMES ISLAND, Nov. 13.—On
Sunday afternoon the children of
the Sunday school gave a Thank-
sgiving concert, under the direction
of the superintendent and the
teachers. The gifts the children
brought are to be sent to the Chil-
dren's Home in Victoria. Mrs. Allan
Denison sang two songs, Mrs. H.
P. Noakes playing the accompani-
ment for her and also for the songs
of the children.

BADMINTON MATCH
CAPTURED BY BAYS

J.B.A.A. Scores One-Sided Victory
Over Christ Church in
League Fixture

J.B.A.A. racquet wielders con-
tinued their bid for the Third Divi-
sion badminton honors by chalk-
ing up a one-sided victory over Christ
Church, Wednesday evening, in a
Lower Island league fixture by a
13-3 score at the carter's head-
quarters at the Gorge.

Scores, with the J.B.A.A. players
being first named, follow:

WOMEN'S DOUBLES

Miss Cheer and Mrs. Thomas
beat Miss Thomas and Miss Patti,
15-11.

Miss Cheer and Mrs. Thomas
beat Mrs. J. Cox and Miss Redding,
15-8.

Mrs. Poyntz and Miss Weeks lost
to Miss Thomas and Miss Patti,
15-11.

Mrs. Poyntz and Miss Weeks beat
Mrs. J. Cox and Miss Redding,
15-18.

MEN'S DOUBLES

Clark and Temple beat Wil-
loughby and Barnes, 15-5.

Clark and Temple lost to Wal-
lace and G. Simmons, 15-10.

Huxtable and Poyntz beat Wal-
lace and G. Simmons, 15-8.

Huxtable and Poyntz beat Wil-
loughby and Barnes, 15-6.

MIXED DOUBLES

Miss Weeks and Huxtable beat
Miss Thomas and Wallace, 15-4.

Miss Weeks and Huxtable beat
Mrs. Cox and Willoughby, 15-7.

Mrs. Poyntz and Clark beat Miss
Thomas and Wallace, 15-3.

Mrs. Poyntz and Clark beat Mrs.
Cox and Willoughby, 15-5.

Miss Cheer and Temple lost to
Miss Patti and Barnes, 15-16.

Miss Cheer and Temple beat Miss
Redding and Simmons, 15-3.

Mrs. Thomas and Poyntz beat
Miss Redding and Simmons, 15-9.

FOREST OFFICIAL HERE—E. H. FIN-
LAYSON, director of forestry for the
Dominion Government, arrived in
Victoria yesterday afternoon, after
a tour of inspection of the forest
resources of the province, and regis-
tered at the Empress Hotel. Mr.
Finlayson is here to confer with
provincial forestry officers on de-
partmental matters.

LORDS APPROVE MOTION

LONDON, Nov. 13.—The House
of Lords yesterday passed the motion
of Lord Passfield, Secretary of State
for the Colonies, for the appoint-
ment of a committee of both Houses
of Parliament to consider reports
available on the subject of the close
union of the three African terri-
tories—Kenya, Uganda and Tang-
anyika.

ANSWER TO YESTERDAY'S PUZZLE

THE TOONERVILLE TROLLEY THAT MEETS ALL THE TRAINS

FILMS TELL FINAL
OF TRAGIC STORY

Developed Negatives Found Among
Andree's Effects Show Episodes
of Last March

STOCKHOLM, Nov. 13.—Much
of the diary written by members
of the Andree Polar balloon ex-
pedition in 1897 has been obliterated
by time and weather since they died,
but they left behind them twenty
undeveloped films which supply
some of the gaps in the story of
their tragic end.

The newspaper Tagbladet today
said Professor Herberg had de-
veloped twenty films found among the
expedition remains. A number of
the negatives showed the balloon
after its forced landing on the ice,
which appears to have been caused
by loss of gas and ice on the en-
velope.

Another photograph shows An-
dree standing beside the carcass of
a Polar bear he killed. Others show
episodes in the march over the ice.

PRISON IS OVERCROWDED

PRINCE ALBERT, Nov. 12.—Of-
ficials of Prince Albert Penitentiary
announced yesterday that the in-
stitution is overcrowded with pris-
oners. More than a hundred of the
385 inmates are in temporary ac-
commodation, waiting until oc-
cupied cells are vacated. The num-
ber is the greatest in the prison's
history.

RUSSIAN GENERAL DIES

BELGRADE, Jugoslavia, Nov. 13.
—Advises from Pancevo today told
of the death of the Russian general
Smirnov, who distinguished himself
in the defense of Port Arthur during
the Russo-Japanese war. General
Smirnov has lived for many years at
Pancevo in exile from his native
land.

Vancouver Winter Fair—Walter
Leek, president of the Vancouver
Exhibition Association, and John
Matheson, exhibition manager, were
in the city yesterday in connection
with plans for the forthcoming Win-
ter fair in the Terminal City. New
Westminster officials are expected
shortly, to advance proposals to the
Government as to new fair grounds
at Burnaby Lake.

THE DOT CARTOONIST, BY GEORGE BELL
Basink has a hard job but seems to be enjoying it. He feels sure he's pulling in a nice dinner of . . . (Kindly draw straight lines between the numbers).

What, you may inquire, has this to do with piracy? The answer is simple:
For, in the days when piracy was rife in the Caribbean, during the seventeenth century, when Spanish commerce was in the zenith of its glory, the pirates of the sea included among their number many of these West Indians from Boscawen, who would take time off from drying meat to attack an occasional ship, for booty and for sport.
"Mr. Jack Diamond, it seems, is taking a rest cure, and hope is expressed that he "will soon be himself again." It seems a pity he can't be somebody else—London Observer.
Musical Wife—It's strange, but when I play the piano I always feel extraordinarily melancholy.
Husband—So do I, dearest.

ACCIDENTAL DEATH IS JURY'S VERDICT

No Eyewitnesses of Actual Collision
Causing J. B. Heisterman's Death

Accidental death was the verdict brought in yesterday morning by the coroner's jury at the inquest on John Bernard Heisterman, who died at St. Joseph's Hospital, Tuesday night, following a collision with a motor car when he was riding his motorcycle on Fort Street at Quadra.

Frank Shopland, who was driving the car which was in collision with the motorcycle ridden by Mr. Heisterman, testified that he was driving his car along Fort Street in a westerly direction.

As he proceeded to turn on to Quadra he saw a car coming easterly but saw that he had time to cross before it reached the intersection. He was crossing the car tracks with his front wheels on the southern tracks when all at once something occurred which shot his car out of its course. His steering gear seemed out of order. He stepped on the gas to get the car out of the road and so ran it to the curb. He then got out of his car and investigated.

He said that he was not going faster than twelve miles an hour at the time. He got the impression that something was coming from the rear just as the accident happened. His hub cap was crumpled and the fender was jammed down on to the wheel, acting as a brake. There was some damage done to the windshield also. It required the strength of three men to bend the fender back.

John Crause, who was proceeding easterly on Fort Street, was passed by the motorcycle, but he was unable to tell the speed at which it was going. This was when he was about 300 feet from Quadra. The crash with the other car followed, although he did not actually see it. This took place about fifty feet from him. The pavement was wet and, with the street lights, this made a dazzling condition.

Mrs. J. Bailey, who was on the street, did not see the actual collision, but heard the crash and witnessed the following incidents.

On the conclusion of the evidence Dr. Hart remarked upon the fact that there were none who had actually seen the occurrence. He felt that the evidence was reasonably clear upon which a verdict could be reached. It was one of these unfortunate cases that will occur. He remarked upon the sad feature of such a case where a very promising young man had met his death.

HARMONY PREVAILS AT PARTY MEETING

Vancouver Conservatives Elect E. G. Sherwood President—Election of Officers is Spirited

VANCOUVER, Nov. 13.—Although there was a spirited contest for every place on the executive, a spirit of good harmony was expressed by all delegates at the annual meeting of the Vancouver Conservative Association on Wednesday night, when E. G. Sherwood was elected to the presidency.

Contrasting views on the question of patronage were expressed by two of the speakers, however, Hon. Mr. Bruhn declaring that the Government was elected on a "no patronage" policy and should maintain that attitude. Mr. Dick, on the other hand, contended that he "would have fired" all the Liberals in the provincial employ the day after the election.

There were two candidates for the presidency, Mr. Sherwood and W. H. Dayton. The former won by a substantial majority and his opponent immediately moved that the election be made unanimous.

Every speaker—and there were many—including Hon. Alfred Durnan, Minister of Marine; Hon. J. W. Jones, Hon. R. W. Bruhn, Hon. R. L. Matland, William Dick, M.P.P.; Col. Nelson Spencer, M.P.P.; T. H. Kirk, M.P.P.; George A. Walker, M.P.P., referred to the new spirit of accord within the organization.

T. S. Baxter, touching on the troubles of the past and the advent of a spirit of harmony, caught the fancy of the crowd when he declared that "whom the Lord loveth, He first chasteneth."

Lossing of Vancouver seats at the general elections was the chastening process, he said, adding that Conservatives had learned their lesson.

Many a man who used to have money to burn is sifting the ashes now.

Belching

Embarrassing to him... Disgracing to his friends

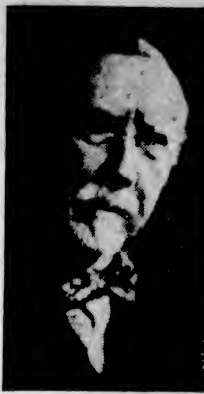

... a Hundred Times a Day

A HUNDRED times a day he suffered the agonies of embarrassment as his conversation was interrupted by "Pardon Me's." No matter what he ate, it caused gas and discomfort. His stomach constantly caused him pain. He could hardly bear the idea of food. He was irritable and nervous—couldn't sleep. A friend suggested Tanlac. He tried it. In a few days the gaseous condition left him. His appetite returned. He began to feel loads better in every way. He slept like a boy.

Gas causes you trouble and you suffer latently after eating, why don't you try Tanlac? Made from roots, barks and herbs—over 52 million bottles have been sold on a positive guarantee of money back if not satisfied. Ask your druggist.

Tanlac

INSTITUTE MEMBERS TO HEAR GEN. DILL

Noted Soldier Returning From India to Speak at Empress Hotel Tomorrow Night

The United Services Institution, of Vancouver Island, will hold a dinner meeting at the Empress Hotel at 7:15 o'clock tomorrow night, when Brigadier General J. O. Dill, C.B., C.M.G., D.S.O., lately chief of staff to the G.O.C., Northwest Frontier Field Force, India, will address the members.

General Dill, who is returning to England to become commandant of the Staff College, Camberley, is well known to Canadians, having served as G.S.O. Grade 11 (O), Canadian Corps, during the Somme Battle in 1916. He subsequently served as G.S.O. Grade 1, with an Imperial division, and in 1918 was appointed brigadier general, General Staff (O), General Headquarters, France.

An invitation is extended to serving, reserve or retired officers, not members, to attend, notification to be made to P. T. Stern, major, honorary secretary-treasurer, telephone Empire 4514.

PREMIER MacDONALD RECEIVES GIFT FROM OVERSEAS DELEGATES

LONDON, Nov. 13.—Tonight's proceedings in the meeting of the delegation heads of the Imperial Conference was marked by the presentation by Rt. Hon. R. B. Bennett, Premier of Canada, of a silver salver to Prime Minister James Ramsay MacDonald, of Great Britain. The presentation was made on behalf of the Overseas delegates and bears their autographs.

Condition Critical

MONTREAL, Nov. 13.—Hon. Adélard Turgeon, Speaker of the Quebec Legislative Council, who has been ill since last July, was reported in a critical condition. Mr. Turgeon was said to have taken a turn for the worse three days ago, since which he had been sinking steadily.

REGINA, Nov. 13.—Government guarantees in connection with the pool payment of the 1929 wheat crop were discussed at the sixth annual meeting of Saskatchewan wheat pool delegates in Regina today. The sessions were mainly devoted to central selling agency reports and their discussion.

The afternoon was devoted entirely to a complete discussion of the selling of pool wheat and coarse grains. George McIvor, general sales manager, answered all questions relating to the marketing of wheat during the past year and the present situation. This discussion was followed by the reading of that part of the report dealing with coarse grains sales. Questions on this section were dealt with by W. C. Polliott, assistant sales manager, formerly coarse grains sales manager of the central selling agency, and by R. C. Steele, present coarse grains sales manager.

Mr. Millar Not Fined—Thomas Millar, 1280 McIntosh Street, was not, as reported, fined in the Esquimalt police court. Mr. Millar is a witness in a minor charge brought by the Esquimalt police against another person, and is not now, nor has he been, charged with any offence.

Examinations Set—Examinations for efficiency in the practice of assaying, in accordance with the Bureau of Mines Act, will be held at Victoria on December 8. It is announced by D. E. Whittaker, secretary to the board of examiners.

Kitty McKay

By RINA WILCOX PUTNAM

The girl friend says that one of her women friends is the reducing habit to such an extent that she could not step if she got so thin that some hostess mistook her for a bridge lamp.
